EXPLANATORY NOTES

This Act makes various amendments to the Act respecting the governance and management of the information resources of public bodies and government enterprises and to the Act respecting the Ministère de la Cybersécurité et du Numérique.

The Act specifies, in particular, that the Minister of Cybersecurity and Digital Technology is to assume the leadership of the Public Administration's digital transformation and cybersecurity. The Act also tasks the Minister with ensuring that government actions are cohesive and concordant in matters of cybersecurity and digital technology and provides that the Minister must take part in the development of measures and in ministerial decisions in these areas. With regard to public bodies, the Act expressly establishes their obligation to apply the guidelines, strategies, policies, standards, directives, rules and application instructions made under the Act respecting the governance and management of the information resources of public bodies and government enterprises and provides that responsibility for ensuring that this obligation is complied with is incumbent on the body's most senior officer.

The Act assigns to the Minister the responsibility for proposing to the Government a portfolio of priority information resource projects in order to establish government priorities as regards public bodies' digital transformation initiatives. The Act provides that public bodies responsible for the projects included in the government priorities must give priority to carrying out those projects. Furthermore, the Minister is empowered to make a directive whose purpose is, among others, to establish rules to ensure centralized governance of priority projects portfolio management, including the follow-up of such projects. Such a directive must be approved by the Government.

The Act also provides for various measures to enhance and standardize information security practices. To that end, the Act empowers the Minister to make an order setting out the obligation for any public body the Minister designates to call on the services of the Minister to carry out cybersecurity activities. The Minister is also empowered, in certain circumstances, to order a public body to remove from its infrastructures or from its systems any software, application or other information asset that the Minister determines.

© Éditeur officiel du Québec, 2024

In addition, the Act authorizes the Government to provide, on the joint recommendation of the Minister and the minister responsible for the administration of the Act governing a government enterprise, that all or part of certain provisions of the Act respecting the governance and management of the information resources of public bodies and government enterprises relating to information security apply to such an enterprise.

The Act also makes the Minister responsible for providing public bodies with the certification, directory and electronic signature services that the Government determines by order. In particular, the Act provides that such an order may, for the purposes of its implementation, transfer to the Minister a public body's information assets as well as the resulting obligations. The Act also provides that the Minister may provide any other information resource service to meet a specific need of a public body.

Moreover, the Act enables the Government to authorize the implementation of a pilot project aimed at studying, testing or innovating in the areas of cybersecurity or digital technology, or at defining standards applicable in those areas. It also replaces the obligation, for a public body designated as an official source of government digitial data, to obtain the approval of the Commission d'accès à l'information du Québec for the rules that the body must establish for its governance in respect of personal information by an obligation to transmit such rules to the Commission.

Lastly, the Act makes certain consequential amendments to the Act respecting the Ministère de la Justice and contains miscellaneous, transitional and final provisions.

LEGISLATION AMENDED BY THIS ACT:

– Act respecting the governance and management of the information resources of public bodies and government enterprises (chapter G-1.03);

– Act respecting the Ministère de la Cybersécurité et du Numérique (chapter M-17.1.1);

– Act respecting the Ministère de la Justice (chapter M-19).

Bill 38

AN ACT TO AMEND THE ACT RESPECTING THE GOVERNANCE AND MANAGEMENT OF THE INFORMATION RESOURCES OF PUBLIC BODIES AND GOVERNMENT ENTERPRISES AND OTHER LEGISLATIVE PROVISIONS

THE PARLIAMENT OF QUÉBEC ENACTS AS FOLLOWS:

ACT RESPECTING THE GOVERNANCE AND MANAGEMENT OF THE INFORMATION RESOURCES OF PUBLIC BODIES AND GOVERNMENT ENTERPRISES

1. Section 5 of the Act respecting the governance and management of the information resources of public bodies and government enterprises (chapter G-1.03) is amended by adding the following paragraph at the end:

"It may also, on the joint recommendation of the Minister of Cybersecurity and Digital Technology and the minister responsible for the administration of the Act governing a government enterprise referred to in section 4, determine that all or part of the provisions of Chapter II.2, of the provisions of any regulation made under section 22.1.1 or of the guidelines, strategies, policies, standards, directives, rules or application instructions related to information security made under this Act apply to such an enterprise, on the conditions it determines."

2. The Act is amended by inserting the following section after section 5:

"**5.1.** A public body must apply the guidelines, strategies, policies, standards, directives, rules and application instructions made under this Act.

The responsibility for ensuring that that obligation is complied with is incumbent on the chief executive officer of the public body, who must take measures to make the obligation known to the body's personnel members and to ensure that they comply with it.

For the purposes of this Act, the chief executive officer of the public body is the person having the highest administrative authority, such as the deputy minister, the president, the director general or any other person responsible for the day-to-day management of the body. However, in the case of a public body referred to in subparagraph 4 or 4.1 of the first paragraph of section 2, the chief executive officer of the body is the board of governors or, in the case of a school board governed by the Education Act for Cree, Inuit and Naskapi Native Persons (chapter I-14), the council of commissioners.

3. Section 8 of the Act is amended by striking out the third paragraph.

4. The Act is amended by inserting the following sections after section 12.5:

"**12.5.1.** The Minister may, by order, set out the obligation for a public body the Minister designates to call on his or her services to carry out cybersecurity activities, according to the conditions and procedures determined by the Minister.

"**12.5.2.** The Minister may, by any means, and for the purpose of supporting a public body if a breach or risk of a breach referred to in the second paragraph of section 12.2 occurs, order the body to remove from its infrastructures or from its systems any software, application or other information asset that the Minister determines.

The power provided for in the first paragraph may only be exercised in either of the following cases:

(1) the Minister considers that urgent action is immediately required in the area of cybersecurity or that there is a risk of irreparable harm to an information resource or to information under the responsibility of the public body concerned; or

(2) the Minister considers that urgent action is required within a short period of time in the area of cybersecurity.

In the case provided for in subparagraph 2 of the second paragraph, the Minister may exercise the power provided for in the first paragraph only following thorough and documented verification. In addition, the Minister may not exercise such a power without there first being a consultation between the government chief information security officer and the deputy chief information security officer attached to the body and without notifying the chief executive officer of the public body concerned beforehand of the Minister's intention to do so."

5. Section 12.6 of the Act is amended by inserting the following paragraph after paragraph 4:

"(4.1) making tools and best practices in that area available to public bodies and informing the Minister of the results observed;".

6. Section 12.8 of the Act is amended by inserting ", in accordance with the guidelines defined by the Minister concerning digital transformation initiatives" after "must" in the first paragraph.

7. The Act is amended by inserting the following sections after section 12.8:

"**12.8.1.** Each year, the Minister proposes to the Government, within 60 days after the investment and expenditure plan for the information resources of public bodies referred to in section 16.1 is tabled in the National Assembly, a portfolio of priority information resource projects in order to establish government priorities as regards public bodies' digital transformation initiatives.

Subject to obtaining the authorizations required in accordance with this Act, a public body must give priority to the carrying out of any project included in the government priorities and for which the body is responsible.

The Minister may make a directive specifying guidelines regarding prioritization criteria for public bodies' information resource projects and establishing rules to ensure centralized governance of priority projects portfolio management, including as regards project follow-up.

A directive made under this section must be approved by the Government and is applicable on the date specified in the directive. Once approved, the directive is binding on the public bodies concerned and the rules it establishes apply to those bodies in addition to the rules already applicable to them under this Act, in particular as regards reporting and audits.

"**12.8.2.** The Minister presents to the Government, at the time the Minister considers appropriate, a consolidation of the progress reports on the information resource projects of public bodies included in the portfolio of priority projects."

8. Section 12.9 of the Act is amended

(1) by inserting the following paragraph after paragraph 3:

"(3.1) keeping up to date a consolidation of the progress reports on the information resource projects of public bodies included in the portfolio of priority projects;";

(2) by striking out paragraph 5.

ACT RESPECTING THE MINISTÈRE DE LA CYBERSÉCURITÉ ET DU NUMÉRIQUE

12. Section 2 of the Act respecting the Ministère de la Cybersécurité et du Numérique (chapter M-17.1.1) is amended by inserting the following paragraph after the first paragraph:

"The Minister must, in the areas of cybersecurity and digital technology, ensure that government actions are cohesive and concordant and must, to that end, take part in the development of measures and in ministerial decisions in those areas, and give an opinion whenever the Minister deems it appropriate."

13. Section 4 of the Act is amended

(1) by inserting ", the conditions for their use, including the responsibilities of the Minister and of users" after "extent" in the third paragraph;

(2) by adding the following paragraph at the end:

"The Minister may provide any other information resource service to a public body to meet a specific need of such a body, where the latter so requests."

14. The Act is amended by inserting the following section after section 5:

"**5.1.** The Minister provides public bodies with certification services, including the related directory services, and the electronic signature services that the Government determines.

An order made under the first paragraph determines the services covered, the terms and conditions under which they are to be provided, and the cases in which and conditions on which a public body is required to call on those services to meet its needs. The order may authorize the Minister to delegate certain functions relating to such services to a public body. To enable its implementation, the order may also provide for the transfer to the Minister of a public body's information assets as well as of the resulting obligations.

Where an order made under the first paragraph concerns certification and directory services, it must contain the policy statement provided for in section 52 of the Act to establish a legal framework for information technology (chapter C-1.1)."

15. Section 7 of the Act is amended by replacing "section 4 and" by "sections 4 and 5.1 as well as".

"**10.1.** The Government may authorize the Minister to implement a pilot project aimed at studying, testing or innovating in the areas of cybersecurity or of digital technology, or at defining standards applicable in those areas. Such a project may involve public bodies or government enterprises within the meaning of the Act respecting the governance and management of the information resources of public bodies and government enterprises (chapter G-1.03), any other enterprise, or individuals.

In compliance with the applicable legislative provisions, in particular regarding the protection of personal information and of privacy, the Government determines the standards and obligations applicable within the scope of a pilot project. It also determines the monitoring and reporting mechanisms applicable within the scope of a pilot project.

A pilot project is established for a period of up to three years which the Government may extend by up to one year. The Government may modify or terminate a pilot project at any time.

The results of a pilot project are to be published on the website of the Ministère de la Cybersécurité et du Numérique not later than one year after the end of the pilot project."

7. Section 122.1 of the Act is amended by inserting the following sentence after the first sentence: "Benefits accumulated under the same plan while a judge or a former judge and his or her spouse of the opposite or the same sex who meets the conditions set out in paragraph 2 of section 224.14 were living together may be partitioned when they cease to live together."

8. Section 122.3 of the Act is amended by replacing "judges of the Municipal Courts" and "each municipality, respectively" in the second paragraph by "municipal judges" and "the municipalities, in accordance with the regulation made under section 86.1 of the Act respecting municipal courts (chapter C-72.01)", respectively.

9. The Act is amended by inserting the following Part after section 182:

"**PART III.2**

"MUNICIPAL JUDGES

"**183.** Municipal judges are appointed by the Government, by a commission under the Great Seal, during good behaviour.

Sections 87 to 88.1, 92.1 to 93.1, 95, 113, 118 to 121, 122 to 122.3, 127 and 129 to 134 apply, with the necessary modifications, to municipal judges and their appointment. Among the modifications, the functions devolved to the chief judge are exercised by the chief municipal judge with regard to the municipal judges.

Furthermore, section 118 is modified so that the reference to section 115 is replaced by a reference to section 199 with regard to municipal judges.

"**184.** Before taking office, municipal judges must make the oath prescribed in Schedule II before the chief municipal judge.

"**185.** Every judge has jurisdiction throughout Québec over all matters under the jurisdiction of a municipal court, whatever the court to which he is mainly assigned.

The judge is *ex officio* a justice of the peace for the purposes of the Acts of the Parliament of Canada conferring jurisdiction on him in such respect.

"**186.** The notice of appointment of a judge shall determine the municipal court to which he is mainly assigned and his place of residence.

"**187.** Any modification to the notice of appointment of a municipal judge concerning the municipal court to which he is mainly assigned or concerning his place of residence shall be decided by the Government on the recommendation

© Éditeur officiel du Québec, 2024

of the chief municipal judge. The Government may make such a decision only if the period prescribed in section 189 for filing an appeal is expired or, where an appeal is filed, if the recommendation of the chief municipal judge is confirmed.

"**188.** No recommendation under section 187 may be made unless the judge concerned consents to such modification to his notice of appointment or unless the chief municipal judge considers that the circumstances so require; in the latter case, the judge concerned must have been given the opportunity to present his views in that respect.

"**189.** The chief municipal judge who makes a recommendation under section 187 shall notify the judge concerned. The latter may, within 15 days, appeal to the Conseil de la magistrature, which may confirm or quash the recommendation.

"**190.** Municipal judges are under the authority of the chief municipal judge whom the Government appoints, by a commission under the Great Seal, from among the municipal judges.

"**191.** The term of office of the chief municipal judge is five years and cannot be renewed.

However, despite the expiry of his term, the chief municipal judge shall remain in office until he is replaced.

A chief municipal judge who has held the office for at least five years is entitled to a leave of absence with pay to be devoted to studies, research or any other legal activity compatible with the judicial function. The leave of absence is three months.

The office of chief municipal judge is added to the office of puisne judge who must continue to sit in the municipal court to which he is assigned or that he assigns himself to.

"**192.** The chief municipal judge has the direction of the municipal courts.

As such, his functions, in addition to the functions conferred by the Act respecting municipal courts (chapter C-72.01), include

(1) to coordinate, apportion and supervise the work of the judges with a view to efficient and diligent justice; judges must comply with the chief municipal judge's orders and directives, meet the performance objectives of the municipal courts and consider the needs of municipalities and of individuals before the courts;

(2) to ensure that municipalities' needs are taken into consideration when assigning judges, preparing the rolls and scheduling the sittings;

© Éditeur officiel du Québec, 2024

(3) to establish, concurrently with the municipal judges, general policies applicable to them and to ensure that the policies are respected;

(4) to see that such regulations as are necessary for the exercise of the jurisdiction of the municipal courts are adopted and to supervise their application;

(5) to ensure that judicial ethics are observed;

(6) to promote the professional development of municipal judges in collaboration with the Conseil de la magistrature; and

(7) to provide support to municipal judges in their efforts to improve the operation of the municipal courts.

"**193.** For the purposes of this part, Québec is divided into four coordinating regions, defined in Schedule VI.

The Minister of Justice may, by regulation, amend Schedule VI.

Despite sections 11 and 17 of the Regulations Act (chapter R-18.1), the regulation may be made after the expiry of 15 days from the publication of the draft regulation in the *Gazette officielle du Québec* and comes into force on the date of its publication in the *Gazette officielle du Québec* or any later date specified in the regulation.

"**194.** The Government shall, after consultation with the chief municipal judge, designate from among the municipal judges a coordinating judge for each of the coordinating regions and shall fix the term of office of each of them.

The term of office of a coordinating judge shall not exceed three years but may be renewed until the total term of office reaches six years.

A coordinating judge shall remain in office, despite the expiry of his term of office, until he is replaced or designated for another term.

The Government shall designate from among the coordinating judges the judge who, if the chief municipal judge is absent or unable to act, is to exercise the functions of the chief municipal judge until the latter resumes his functions or is replaced. The coordinating judge so designated temporarily replaces the chief municipal judge despite the fact that his own term may have expired.

The chief municipal judge shall determine the municipal court where each coordinating judge shall continue to sit. This assignment takes into account the municipal court to which the coordinating judge is mainly assigned so that he sits in that court or nearby, on a priority basis. The assignment also takes into account the requirements of the proper administration of justice in order to maximize the periods during which the municipal courts sit and takes into account the efficient management of public funds.

© Éditeur officiel du Québec, 2024

"**195.** The functions of the coordinating judges are

(1) to see to the allotment of cases and the scheduling of the sittings of the court if more than one municipal judge is assigned to the municipal court;

(2) to assign municipal judges to the municipal court where they are to exercise their functions;

(3) to support the chief municipal judge in the exercise of his functions; and

(4) to assume any other function determined by the chief municipal judge.

The assignment of municipal judges takes into account the municipal court to which they are mainly assigned so that they sit in that court or nearby, on a priority basis. The assignment also takes into account the requirements of the proper administration of justice in order to maximize the periods during which the municipal courts sit and takes into account the efficient management of public funds.

The office of coordinating judge is added to the office of puisne judge who must continue to sit in the municipal court to which he is assigned.

"**196.** The coordinating judges shall submit to the chief municipal judge, at least twice a year, a report of activities established on a monthly basis for each coordinating region and containing, in particular, the following particulars:

(1) the number of days on which sittings were held and the average time devoted thereto;

(2) the number of judges who presided over the sittings of each municipal court and the number of sittings presided over by a same judge in that same court;

The council acts in accordance with sections 193 to 197 of the Act respecting administrative justice, with the necessary modifications.

If, on 30 June 2024, a judge is assigned to more than one municipal court, the judge's notice of appointment is deemed to provide that, from 1 July 2024, the city where the judge must establish his or her residence is one of the cities in which one of the municipal courts to which the judge is assigned on 30 June 2024 is situated, including the immediate vicinity of those cities. The judge informs the chief municipal judge and the Minister of Justice of the place of establishment of his or her residence not later than 1 July 2025.

If the place of residence of a judge referred to in the first paragraph differs from that mentioned in the fourth or fifth paragraph, the judge concerned may, before 15 July 2024, submit the matter of his or her place of residence to the Conseil de la magistrature (the "council"). The council may then determine

(1) that the judge's place of residence, from 1 July 2024, is the city where the municipal court to which the judge was assigned on 30 June 2024 is situated, including the immediate vicinity of that city; if, on 30 June 2024, a judge is assigned to more than one municipal court, the council determines that the place of residence is one of the cities in which one of the municipal courts to which the judge was assigned on 30 June 2024 is situated, including the immediate vicinity of that city; and

(2) that the judge's place of residence is, from 1 July 2024, the city in which the judge resides on 30 June 2024, including the immediate vicinity of that city, and the municipal court to which the judge is assigned is the court situated nearest to that place of residence.

The decision of the council is sent to the chief municipal judge and to the Minister of Justice.

The judge who, following the application of this section, must change his or her place of residence, must do so not later than 1 July 2025.

70. The Government may, at any time, appoint the first chief municipal judge. The latter must be selected from among the judges appointed to one of the municipal courts established under the Act respecting municipal courts. Furthermore,

(1) the judge's term of office is five years from his or her appointment and may not be renewed;

(2) the judge is deemed, from the date of coming into force of section 9 of this Act and for the unexpired portion of his or her term, to have been appointed and to have taken the oath in accordance with the Courts of Justice Act, as amended by this Act;

(3) the judge exercises the functions that the Courts of Justice Act and the Act respecting municipal courts, as they read before the coming into force of this Act, assign to the associate chief judge responsible for municipal courts, until the date referred to in subparagraph 2; and

(4) when an order is made under section 199 of the Courts of Justice Act, enacted by section 9 of this Act, the judge receives the additional remuneration and all the social benefits fixed in the order with regard to the office of chief municipal judge, retroactively to the date of his or her appointment.

Until the first chief municipal judge is appointed, the associate chief judge responsible for municipal courts remains in charge of directing municipal courts and of the courts themselves and the provisions of the Act respecting municipal courts and of the Courts of Justice Act, as amended by this Act, as the case may be, that refer to the office of chief municipal judge are applicable to him or her.

The appointment of the first chief municipal judge puts an end to the term of the associate chief judge responsible for municipal courts. However, the latter continues to receive the additional remuneration related to that position for the unexpired portion of his or her term. He or she is then entitled to receive, until his or her salary as a judge is equal to the amount of salary and additional remuneration he or she was receiving, the difference between the latter amount and his or her salary. The associate chief judge responsible for municipal courts is also entitled to the benefits provided for in sections 92, 122 and 224.9 of the Courts of Justice Act, as they read before the coming into force of sections 6 and 14 of this Act.

71. Until a coordinating judge of a coordinating region is appointed by the Government, a president judge appointed to a municipal court established under the Act respecting municipal courts and who is exercising his or her functions in that court on 30 June 2024 becomes a coordinating judge of the coordinating region in which the municipal court in which he or she is president judge on 30 June 2024 is situated for the unexpired portion of his or her term as president judge, with no possibility of renewal.

If the appointment of a coordinating judge of a coordinating region occurs before the end of the term of office of the president judge, the latter's term of office is ended but he or she continues to receive his or her additional remuneration related to that position for the unexpired portion of his or her term. He or she is then entitled to receive, until his or her salary as a judge is equal to the amount of salary and additional remuneration he or she was receiving, the difference between the latter amount and his or her salary. He or she is also entitled to the benefits provided for in section 74 of this Act.

72. Until an associate coordinating judge of Region 4 is appointed, if any, the associate president judge appointed under the Act respecting municipal courts and who is exercising his or her functions in the municipal court of Ville de Montréal on 30 June 2024 becomes the associate coordinating judge for Region 4 for the unexpired portion of his or her term as associate president judge, with no possibility of renewal.

If the appointment of an associate coordinating judge of Region 4 occurs before the end of the term of office of the associate president judge's term, the latter's term of office is ended but he or she continues to receive his or her additional remuneration related to that position for the unexpired portion of his or her term.

73. In addition to its functions under the second paragraph of section 246.29 of the Courts of Justice Act, the function of the committee on the remuneration of judges and justices of the peace, formed for the period from 1 July 2023 to 30 June 2027, is to examine any change proposed by the Government to any additional remuneration, to the pension plan and to the other employee benefits arising from the provisions of this Act. The committee ascertains whether the change is adequate, and reports and makes recommendations to the Government in that respect.

Sections 246.30 to 246.45 of the Courts of Justice Act apply to the committee in the exercise of the function referred to in the first paragraph.

74. Any judge or former judge who has held or holds the office of president judge of a municipal court for at least seven years is entitled to receive, until his or her salary as a judge is equal to the amount of salary and additional remuneration he or she was receiving when he or she ceased to hold such office, the difference between the latter amount and his or her salary.

The years during which a judge holds the office of coordinating judge of a coordinating region, after having held the office of president judge of a municipal court, are taken into consideration for the purpose of computing the seven years referred to in the first paragraph.

75. Section 246.16.1 of the Courts of Justice Act, enacted by section 17 of this Act, applies to spouses referred to in that section who ceased living together after 31 August 1990, but before the coming into force of that section 17, if they agree to the partition referred to in that section not later than 12 months after that later date.

76. Any order made under section 49 of the Act respecting municipal courts, as it reads on 30 June 2024, that pertains to a judge other than a deputy judge, president judge, associate president judge, judge responsible for a municipal court or judge responsible for the professional development of judges of municipal courts and that is consistent with the provisions of the Courts of Justice Act, as amended by this Act, is deemed to be made under those provisions.

77. The term of office of the president judge of a municipal court who sits on the council under paragraph *d* of section 248 of the Courts of Justice Act ends on 1 July 2024 or on the date of the appointment of the first chief municipal judge, whichever date is earlier.

The term of office of the judge selected from among the judges of the municipal courts and appointed on the recommendation of the Conférence des juges municipaux du Québec ends on the date of appointment of a municipal judge on the recommendation of the conference representing municipal judges, in accordance with paragraph *f* of section 248 of the Courts of Justice Act, as amended by section 26 of this Act.

78. This Act comes into force on 1 July 2024, except

(1) sections 18, 34, 35, 42, 51, 52, 54, 68, 70, 73 and 75, which come into force on 7 December 2023;

(2) section 17, which comes into force on the date of coming into force of the first regulation made under section 246.16.1 of the Courts of Justice Act, enacted by this Act;

(3) sections 2 to 5, paragraph 1 of section 26, sections 27 and 36 and the first paragraph of section 77, which come into force on 1 July 2024 or on the date of the appointment of the first chief municipal judge, whichever date is earlier; and

(4) the first paragraph of section 74, which has effect from 28 March 2017.

AS the Hague Convention of 5 October 1961 Abolishing the Requirement of Legalisation for Foreign Public Documents aims to facilitate the circulation of public documents around the world;

AS this Convention promotes the Apostille to replace the process of legalising documents for circulation;

AS Québec subscribes to the principles and rules set forth in the Convention;

THE PARLIAMENT OF QUÉBEC ENACTS AS FOLLOWS:

1. The Minister of Justice is the competent authority to issue Apostilles for the following documents:

(1) authentic acts and certified true copies of such an act;

(2) the official certificates referred to in section 3; and

3. If a document, other than a document referred to in paragraphs 1 and 3 of section 1, emanating from a person or body that has an establishment in Québec is to be produced in a foreign State that requires it and that is party to the Hague Convention of 5 October 1961 Abolishing the Requirement of Legalisation for Foreign Public Documents where the Convention is applicable between that State and Canada, it must be the subject of an official certificate that complies with the standards prescribed by government regulation, produced by a lawyer or notary.

The candidate also has a period of 3 years from date of being declared eligible for the articling period to complete the professional training component provided for in paragraph 3 of section 8.

A candidate who fails to comply with either time limit ceases to be admitted to the Bar School.

10. A candidate who cannot complete the professional training components within either time period specified in section 9 because of illness, accident, pregnancy or superior force, or because the candidate is acting as a caregiver within the meaning of the Act respecting labour standards (chapter N-1.1) or pursuing studies on a full-time basis in a field that is complementary to the practice of the profession of advocate, may obtain an extension period equivalent to the period during which the candidate cannot undergo the professional training components provided for in paragraphs 1 and 2 of section 8 or the professional training component provided for in paragraph 3 of that section, as the case may be. The extension cannot exceed 2 years.

To obtain such an extension, the candidate must, before the expiry of the period specified in the first or second paragraph of section 9, as the case may be, file an application for an extension period using the form provided for that purpose and attach the supporting documents and the required documents with the prescribed charges.

(2) rejects the application for an extension period.

If the Committee intends to reject the application, it notifies a notice of its intention to the candidate, giving reasons, and informs the candidate of his or her right to present written observations within 5 working days of the date of notification of the notice.

The decision of the Committee is notified to the candidate within a period of 10 days from the date of notification of the notice referred to in the fourth paragraph or from the receipt of the written observations presented pursuant to that paragraph, whichever period expires last.

DIVISION II
SPECIFIC AND EXPERIENTIAL LEARNING

§1. Specific learning

11. A candidate must obtain a minimum mark of 60% for each of the 3 examinations evaluating the fields listed in subparagraphs *a* to *c* of paragraph 1 of section 8.

A candidate is entitled to 3 attempts for each examination.

12. For each of the 3 examinations, the candidate is automatically registered on the first date set by the Bar School, in accordance with the professional training period in which the candidate is registered. The candidate may, however, modify that date according to the calendar established by the Bar School, by filing an application using the form provided for that purpose.

13. A candidate who fails one of the examinations may make other attempts by registering on a suitable date, according to the calendar established by the Bar School.

A candidate who fails all 3 attempts for the same examination ceases to be admitted to the Bar School.

14. A candidate who is dissatisfied with the grade obtained may apply for a review.

The application for review must be made using the form provided for that purpose, state the reasons in support of the application, be accompanied by the prescribed charges and be transmitted to the Bar School not later than 10 days following the date of the end of the period of consultation of the examination set by the Bar School.

The review is performed by a committee composed of practising advocates other than those who performed the initial correction.

The substantiated decision of the committee is notified to the candidate within 15 days following the date of receipt of the application for review. The decision is final.

15. A candidate who successfully completes the 3 examinations provided for in paragraph 1 of section 8 moves on to the experiential learning component of professional training.

§2. Experiential learning

16. For the purposes of this By-law, "experiential learning" means any activity carried out in a practical setting that allows the candidate to apply, in a concrete, integrated and coherent manner, knowledge on ethics, professional conduct and professional practice, legal knowledge, and the professional competencies and skills required in the practice of the profession of advocate.

Such activities include observation and simulation activities, participation in technical clinics and participation in a legal clinic.

17. At the start of the experiential learning component for which the candidate is registered, the Bar School informs the candidate of the evaluation grid and indicators established by the Professional Training Committee that are used to evaluate learning.

18. In the course of experiential learning, the candidate registers for the legal clinic and for a technical clinic in each of the following categories:

(1) prevention and settlement of disputes;

(2) development of oral skills;

(3) development of writing skills.

19. The candidate participates in the activities of the experiential learning component under the close supervision and responsibility of supervisors.

20. An advocate may act as a supervisor within a technical clinic provided that the advocate complies with the terms and conditions set out in section 3 of the Regulation respecting the professional activities that may be engaged in by persons other than advocates (chapter B-1, r. 1.01), except those provided for in subparagraphs 2 and 3 of the first paragraph of that section.

21. Throughout the experiential learning component, each supervisor evaluates the candidate's achievement of the objectives set out in section 7 during observation and simulation activities or during a technical clinic or legal clinic.

22. Within 15 days following the date of the end of the experiential learning component, the candidate submits a written self-evaluation report to the Bar School.

23. The report consists of a self-evaluation of the candidate's progress during the experiential learning component and of the achievement of the objectives set out in section 7 with respect to each expected knowledge, professional competency and skill.

For those purposes, in addition to the documents and reports on the activities described in section 16 and the evaluated work, the report contains

(1) a demonstration of the acquisition and integration of the knowledge on ethics, professional conduct and professional practice;

(2) a demonstration of the acquisition and integration of legal knowledge;

(3) a demonstration of the development of the professional competencies and skills referred to in paragraph 3 of section 7;

(4) a demonstration according to which the professional activities engaged in and all documents produced with respect to subparagraphs 1 to 3 reflect mastery of the applicable law;

(5) a reflection on the application of the rules of ethics, professional conduct and professional practice;

(6) a reflection on the progress of the integration of the professional competencies and skills referred to in subparagraph 3 of section 7;

(7) a reflection on the actions, observations and recommendations made by the Bar School and supervisors concerning the candidate's conduct beginning on the date of his or her registration for a period of professional training and for the full duration of the professional training components provided for in paragraphs 1 and 2 of section 8;

(8) a list of the failures to comply referred to in the first paragraph of section 28 and the measures imposed pursuant to that section or, as applicable, a statement that there have been no failures, beginning on the date of the candidate's registration for a period of professional training and for the full duration of the professional training components provided for in paragraphs 1 and 2 of section 8.

24. Within 10 days of the deadline referred to in section 22, the Bar School performs an analysis of the report and of the candidate's complete file and determines either

(1) the successful completion of the experiential learning component, in which case the Bar School declares the candidate eligible for the articling period; or

(2) a failure to complete the experiential learning component.

© Éditeur officiel du Québec, 2024

25. In the case of a failure to complete the experiential learning component, the Bar School notifies a notice to the candidate within 10 days of the conclusion of its analysis. The notice states the deficiencies observed and informs the candidate that his or her file is deferred to the Professional Training Committee for a decision.

26. The Bar School forwards the notice provided for in section 25 to the Professional Training Committee, accompanied by the supporting documents, within 5 working days after its notification to the candidate.

Following its analysis of the candidate's file within 5 working days of its receipt, the Committee renders one or more of the following decisions and, as applicable, determines the deadline for compliance and the applicable conditions:

(1) declares the candidate eligible for the articling period;

(2) requires the candidate to successfully complete additional work;

(3) requires the candidate to repeat, in whole or in part, the legal clinic or one or more of the technical clinics;

(4) imposes any other measure on the candidate to redress the identified deficiencies.

Before rendering a decision referred to in subparagraphs 2 to 4 of the second paragraph, the Committee notifies a notice to the candidate informing him or her of its intention, giving reasons, and of the date of the meeting during which his or her file will be examined. The notice also informs the candidate of his or her right to present written observations and, where applicable, to provide a copy of any document needed to complete the file, within 5 working days of the date of notification of the notice.

The Committee notifies its decision to the candidate within 5 working days following the meeting referred to in the third paragraph. The decision is final.

27. Within 5 working days following the expiry of the deadline imposed to allow the candidate to successfully complete a measure imposed under section 26, the Bar School sends the Professional Training Committee a notice stating whether or not the candidate has successfully completed the measure, along with the candidate's file. A copy of the notice is notified to the candidate.

After analyzing the notice and the candidate's file within 5 working days of receipt, the Committee renders one or more of the following decisions and, where applicable, determines the deadline for compliance and the applicable conditions:

(1) declares the candidate eligible for an articling period;

(2) once again imposes on the candidate one or more of the measures provided for in subparagraphs 2 to 4 of the second paragraph of section 26.

The provisions of the third and fourth paragraphs of section 26 apply to a decision referred to in subparagraph 2 of the second paragraph, with the necessary modifications.

§3. Measures imposed in the event of a failure to comply

28. Beginning on the date on which a candidate registers for a professional training period and for the duration of the professional training components provided for in subdivisions 1 and 2 of this Division, the Professional Training Committee may, where a candidate fails to comply with the provisions of this By-law, the provisions of the Regulation respecting the professional activities that may be engaged in by persons other than advocates (chapter B-1, r. 1.01), or the operating rules of the Bar School which the candidate has undertaken to observe, impose one or more of the following measures on the candidate according to the nature, gravity and recurrence of the candidate's failure to comply and, where applicable, determine the deadline and conditions for remedying the failure:

(1) reprimand;

(2) refusal of access to documentation, refusal of registration for an examination, refusal to allow participation in an activity, or withholding of a mark for an examination or evaluation;

(3) cancellation of an activity or a failing grade for an examination or activity;

(4) cancellation of admission to or registration for the Bar School.

Before imposing one or more of the measures referred to in the first paragraph, the Committee notifies a notice to the candidate informing him or her of its intention, giving reasons, and of the date of the meeting during which his or her file will be examined. The notice also informs the candidate of his or her right to present written observations and, where applicable, to provide a copy of any document needed to complete his or her file, within 5 working days of the date of notification of the notice.

The Committee notifies its decision to the candidate within 5 working days following the meeting referred to in the second paragraph.

DIVISION III
ARTICLING PERIOD

29. The articling period lasts 6 consecutive months and is completed on a full-time basis.

An articled student who is absent for more than 10 working days must file an application to suspend his or her articling period pursuant to section 38.

30. For the purposes of achieving the objectives set out in section 7, the articling period must allow the articled student to put into practice, in a workplace setting, the competencies developed during the specific learning and experiential learning components in such a way as to prepare the candidate for the practice of the profession of advocate.

The articling period takes place under the close supervision and responsibility of an advocate or a member of the judiciary in a setting that is conducive to learning, to the development and integration of competencies and professional knowledge and skills, and that promotes professionalism and the ethical and professional conduct values of the profession of advocate.

31. The candidate and the person who wishes to act as the articling supervisor must submit a joint application for the authorization of an articling period to the Professional Training Committee using the form provided for that purpose, not later than within 5 working days following the start of the articling period.

32. A person who wishes to act as the articling supervisor must meet the following conditions:

(1) the person has the required experience, competency, integrity and availability;

(2) the person has been entered on the Roll as a practising advocate for at least 5 years or is a member of the judiciary, and remains so for the full duration of the articling period;

(3) the person is not the subject of a disciplinary complaint or a request in accordance with section 116 or 122.0.1 of the Professional Code (chapter C-26), as the case may be, a complaint to the Conseil de la magistrature or the Canadian Judicial Council, or a proceeding for an offence punishable by a term of imprisonment of 5 years or more;

(4) the person is not the subject nor was the subject, in the 5 years preceding the date on which the articling period began, of

(*a*) a decision or order rendered under the Professional Code, the Act respecting the Barreau du Québec (chapter B-1) or a regulation made for their application imposing a penalty, a striking off the Roll, a restriction or suspension of the right to engage in professional activities or conditions the advocate must meet in order to be allowed to continue to practise the profession, refresher courses, periods of refresher training, or any other requirement imposed under the first paragraph of section 55 of the Professional Code;

(*b*) a penalty imposed by the Conseil de la magistrature or the Canadian Judicial Council;

(*c*) a decision finding the person guilty of an offence under the Professional Code, the Act respecting the Barreau du Québec or a regulation made for their application;

(*d*) a judicial decision described in subparagraph 1, 2, 5 or 6 of the first paragraph of section 45 of the Professional Code;

(5) the person has subscribed to the professional liability insurance fund of the Barreau du Québec, except where

(*a*) the person is exempted from doing so in accordance with the Règlement sur l'assurance de la responsabilité professionnelle des membres du Barreau du Québec (chapter B-1, r. 1.2), to the extent that the articling supervisor complies with all the conditions thereof;

(*b*) the person is a member of the judiciary;

(6) the person completes a course dispensed by the Bar School concerning the role and responsibilities of the articling supervisor.

An advocate who holds a special permit issued in accordance with the Regulation respecting the issuance of special permits of the Barreau du Québec (chapter B-1, r. 8) or a temporary restrictive permit issued in accordance with section 42.1 of the Professional Code may not act as an articling supervisor.

33. An articling period may, for a maximum period of 3 months, be completed outside Québec under the close supervision and responsibility of an articling supervisor who is a member of the judiciary or entered on the roll of the order of advocates of the place where the articling period is completed.

An articling period referred to in the first paragraph may, however, last 6 months if completed within a department or agency of the federal government or with a judicial or administrative tribunal having jurisdiction over litigation originating in Québec.

The provisions of this Division apply to an articling period referred to in this section, with the necessary modifications.

34. If the joint application for an articling period meets the conditions provided for in this Division, the Professional Training Committee, within 5 working days from the date of the application, issues the authorization for an articling period to the articling supervisor and the candidate, along with an articled student card.

If the Committee intends to reject the application, it notifies a notice to the candidate and to the person who wishes to be the articling supervisor informing them of its intention, giving reasons, and of the date of the meeting during which the file will be examined. The notice also informs them of their right to present written observations and, where applicable, to provide a copy of any document needed to complete the file, within 5 working days of the date of notification of the notice.

The Committee notifies its decision to the candidate and to the person who wishes to be the articling supervisor within 5 working days following the date of the meeting referred to in the second paragraph.

35. For the full duration of the articling period, an articled student may engage in professional activities reserved for advocates under the close supervision and responsibility of the articling supervisor. The articled student engages in such activities while complying with the laws and regulations applicable to the practice of the profession of advocate, with the necessary modifications.

36. The articling supervisor is responsible for the close supervision and responsibility of the articled student. To that end, the articling supervisor must

(1) provide the articled student with a workplace setting that is conducive to learning and the development of competencies in accordance with section 30;

(2) allow the articled student to gradually engage in the professional activities reserved for advocates;

(3) regularly assess the progress of the articled student, as a minimum halfway through and at the end of the articling period, according to the dates determined by the Bar School;

(4) provide the articled student with the necessary feedback to ensure progress;

(5) provide the Professional Training Committee with all the required information;

(6) contribute to evaluating the achievement of the objectives of the articling period;

(7) submit to the Committee, using the form provided for that purpose and on the dates specified by the Bar School, the reports on the evaluation of the articled student.

37. The articled student must inform the Bar School of any absence that is not provided for in the authorization of the articling period, of a change of articling supervisor, of a suspension of the articling period or of any other modification to the progression of the articling period within 5 working days following the date of the occurrence of the event.

38. On application by the articled student, using the form provided for that purpose, the Professional Training Committee may authorize an absence that is not provided for in the authorization of the articling period, a change of articling supervisor, a suspension of the articling period, a cancellation of a portion of the articling period or any other modification to the articling period.

39. At all times during the articling period, the Professional Training Committee may verify compliance with the requirements of this Division by the articled student and the articling supervisor. For the purposes of the verification, the Committee may

(1) receive or request the written observations of the articling supervisor or articled student, or request information from any other person;

(2) hear the articling supervisor, articled student or any other person.

If the Committee is of the opinion that the articled student or articling supervisor is not in compliance with this Division or refuses to cooperate with the verification, the Committee may, for the period and under the conditions the Committee may determine, vary, suspend or cancel the articling period or any authorization to act as an articling supervisor or reject any new application for authorization.

Before rendering a decision, the Committee notifies a notice to the articled student or articling supervisor, as the case may be, to inform him or her of its intention, giving reasons, and of the date of the meeting during which the file will be examined. The notice also informs the articled student or articling supervisor, as the case may be, of his or her right to present written observations and, if applicable, to provide a copy of any document needed to complete the file, within 5 working days following the notification of the notice. A copy of the notice is notified to the articled student or articling supervisor, as the case may be.

© Éditeur officiel du Québec, 2024

The Committee notifies its decision to the articled student and articling supervisor within 5 working days following the meeting referred to in the third paragraph.

40. Within 5 working days following the date of the end of the authorized articling period or portion of the articling period, the articling supervisor sends to the Professional Training Committee, using the form provided for that purpose, an end-of-articling-period report completed jointly with the articled student.

The report contains

(1) the start and end dates of the articling period covered by the report;

(2) an evaluation, by the articling supervisor and the articled student, of the progress made by the articled student in achieving the objectives set out in section 7, based on the evaluation grid and indicators established by the Committee.

If the articling supervisor refuses, is unable or fails to file the report, the articled student informs the Committee, which then takes the appropriate action.

41. The Professional Training Committee verifies whether the authorized articling period or portion of the articling period constitutes, in accordance with section 30, valid preparation for the practice of the profession of advocate. For that purpose, the Committee may request from the articling supervisor or articled student, or from or any other person who contributed to the period, information and documents to enable the Committee to determine the validity of the articling period.

When the Committee considers that the articling period constitutes valid preparation for the practice of the profession of advocate, it confirms that the candidate has successfully completed the articling period and notifies its decision to the candidate.

When the Committee considers that the articling period or a portion of the articling period does not constitute valid preparation for the practice of the profession of advocate, it may render one or more of the following decisions:

(1) cancels or refuses to recognize all or part of the articling period;

(2) suspends the articling period;

(3) extends the articling period;

(4) determines the conditions under which the articling period may be completed in a valid manner;

(5) suspends or cancels the articled student card.

Before rendering a decision under the third paragraph, the Committee notifies a notice to the articled student and the articling supervisor to inform them of its intention, giving reasons, and of the date of the meeting during which the file will be examined. The notice also informs them of their right to present written observations and, where applicable, to provide a copy of any document needed to complete the file, within 5 working days of the date of notification of the notice.

The Committee notifies its decision to the articled student and articling supervisor within 5 working days following the meeting referred to in the third paragraph. The decision is final.

ELIGIBILITY FOR FINANCIAL ASSISTANCE

1. Any person referred to in section 70.2 of the Youth Protection Act (chapter P-34.1) and who has been appointed as tutor to a child pursuant to section 70.1 of the Act is entitled to the financial assistance provided for in this Regulation, provided that the following conditions are met:

© Éditeur officiel du Québec, 2024

(1) the child was entrusted to that person pursuant to the Youth Protection Act for a continuous period of at least 6 months before the rendering of the tutorship judgment;

(2) the person provides in fact for the child's upkeep.

Entitlement to financial assistance begins on the date of the tutorship judgment.

2. Any person covered by a certificate issued by a competent authority in accordance with article 199.10 of the Civil Code and section 131.18 of the Youth Protection Act (chapter P-34.1) and attesting that the person is the tutor to a child is entitled to the financial assistance provided for in this Regulation, provided that the following conditions are met:

(1) the child was entrusted to that person pursuant to the Youth Protection Act for a continuous period of at least 6 months before the issue of the certificate;

(2) the person provides in fact for the child's upkeep;

(3) the Indigenous customary tutorship suspended the offices of legal tutor and of person having parental authority with respect to both of the child's parents;

(4) the Indigenous customary tutorship allowed the director of youth protection to end the intervention with the child, pursuant to the Youth Protection Act.

Entitlement to financial assistance begins on the date on which the director's intervention with the child ends, pursuant to the Youth Protection Act.

CHAPTER II
APPLICATION FOR FINANCIAL ASSISTANCE

3. A tutor who wishes to benefit from the financial assistance provided for in this Regulation must apply therefor to the institution of his or her territory operating a child and youth protection centre, within 60 days, as the case may be, of the date of the tutorship judgment or the date on which the director of youth protection ends the intervention with the child.

If an application is not submitted within the time prescribed in the first paragraph, financial assistance may, despite the delay, be granted to the tutor if the tutor gives sufficient grounds to explain the delay. Where applicable, financial assistance may be granted retroactively for not more than 6 months as of the date of receipt of the duly completed application.

The application must be made using the form provided by the institution. It must also contain the tutor's name, address and date of birth as well as the name of the child for whom financial assistance is applied for.

4. Every application for financial assistance must be accompanied by the child's certificate of birth and by affidavits from the tutor and a third person certifying that the tutor provides for the child's upkeep, resides in Canada or, as the case may be, is in a situation described in the first paragraph of section 20.

The third person referred to in the first paragraph may not be the tutor's spouse, an ascendant, a descendant or a relative in the collateral line to the third degree of the tutor. Nor may the third person be the spouse of that ascendant, descendant or relative.

For the purposes of the second paragraph, "spouse" has the meaning assigned to it by section 61.1 of the Interpretation Act (chapter I-16).

5. The application for financial assistance for a tutorship granted under section 70.1 of the Youth Protection Act (chapter P-34.1) must be accompanied, in addition to the documents provided for in the first paragraph of section 4, by the tutorship judgment or a copy of the minutes of the judgment.

6. The application for financial assistance for Indigenous customary tutorship must be accompanied, in addition to the documents provided for in the first paragraph of section 4, by

(1) a copy of the certificate issued by the competent authority; and

(2) a written statement by the director of youth protection indicating that the conditions set out in subparagraphs 1 and 4 of the first paragraph of section 2 are met and indicating the date on which the director's intervention with the child ended.

7. Where the certificate of Indigenous customary tutorship certifies that the child has 2 tutors, the application for financial assistance may be submitted by one of them or jointly by both tutors.

If the application is submitted jointly, the affidavits provided for in the first paragraph of section 4 must be filed for each of the 2 tutors. Despite the foregoing, if, at the time of the joint application, both tutors have left Canada to establish their residence in another country, only one of them must file a declaration certifying that the tutor is in a situation described in the first paragraph of section 20.

© Éditeur officiel du Québec, 2024

CHAPTER III
TERM AND RENEWAL OF FINANCIAL ASSISTANCE

8. Financial assistance granted for the first time ends on 31 December of the year in which the application is submitted.

9. Financial assistance may be renewed on 1 January of each year until the child reaches 18 years of age.

To maintain entitlement to financial assistance for the following year, the tutor must submit a renewal application to the institution not later than 30 November of the current year. Despite the foregoing, the tutor is not required to submit a renewal application for the year following the year in which the tutor submitted a first application for financial assistance if the application was submitted after 1 June. In the latter case, financial assistance is automatically renewed.

The renewal application must be made using the form provided by the institution, contain the information provided for in the third paragraph of section 3 and be accompanied by the affidavits provided for in the first paragraph of section 4.

Despite the first paragraph, financial assistance may be maintained until the child reaches 21 years of age where the person who acted as tutor continues to provide for the child's upkeep and the child is registered in an educational institution to receive services governed by the Education Act (chapter I-13.3), the Education Act for Cree, Inuit and Naskapi Native Persons (chapter I-14) or section 5 of the Act respecting the Ministère de l'Éducation, du Loisir et du Sport (chapter M-15), other than instructional services in vocational training. In that case, the renewal application must be accompanied, in addition to the documents provided for in the third paragraph, by proof certifying that the child is registered in such an educational institution to receive such services.

10. Where a renewal application is submitted after the date provided for in the second paragraph of section 9, financial assistance may, despite the delay, be granted to the tutor if the tutor gives sufficient grounds to explain the delay. Where applicable, financial assistance may be granted retroactively, for the year covered by the application, for not more than 6 months as of the date of receipt of the duly completed application.

11. Where the Indigenous customary tutorship certificate certifies that the child has 2 tutors, the renewal application for financial assistance may be submitted by only one of them, although the initial application was submitted jointly, and vice versa.

If the renewal application is submitted jointly, the affidavits provided for in the first paragraph of section 4 must be filed for each of the 2 tutors. Despite the foregoing, if at the time of the joint renewal application, both tutors have left Canada to establish their residence in another country, only one of them must file an affidavit certifying that the tutor is in a situation described in the first paragraph of section 20.

CHAPTER IV
AMOUNT AND PAYMENT OF FINANCIAL ASSISTANCE

12. Except in the case provided for in section 14, a tutor is entitled, as financial assistance for the child's upkeep, to a daily amount obtained by adding the following amounts:

(1) a daily amount determined by subtracting the amount to stand in lieu of monetary compensation provided for in subparagraph *a* of paragraph 4 of section 34 of the Act respecting the representation of family-type resources and certain intermediate resources and the negotiation process for their group agreements (chapter R-24.0.2) from the net remuneration, established pursuant to paragraph 3 of section 34, and to which the tutor would be entitled under a group agreement entered into in accordance with that Act as a foster family within the meaning of the Act respecting health services and social services (chapter S-4.2);

(2) the daily amount determined as what constitutes reasonable operating expenses in accordance with paragraph 3 of section 34 of the Act respecting the representation of family-type resources and certain intermediate resources and the negotiation process for their group agreements;

(3) a daily amount of $5 to cover the child's personal expenses.

A daily lump sum of $2.75 is added to the amount obtained pursuant to the first paragraph as special compensation. The lump sum is adjusted on 1 January of each year in accordance with the Pension Index established in accordance with section 117 of the Act respecting the Québec Pension Plan (chapter R-9).

The amounts referred to in subparagraphs 1 and 2 of the first paragraph and determined pursuant to the Act respecting the representation of family-type resources and certain intermediate resources and the negotiation process for their group agreements, are published on the website of the Ministère de la Santé et des Services sociaux.

© Éditeur officiel du Québec, 2024

13. The level of services required to determine the amount of compensation provided for in subparagraph 1 of the first paragraph of section 12 is established by the institution at the time of the initial application for financial assistance. Despite the foregoing, it may be reviewed by the institution upon request by the tutor if a significant change, either permanent or chronic, occurs in the condition of the child. Such a situation must be certified by a physician who is a member of the Collège des médecins du Québec.

For such purposes, the institution uses the Form for the determination and classification of support and assistance services provided for as a schedule to the Regulation respecting the classification of services offered by an intermediate resource and a family-type resource (chapter S-4.2, r. 3.1).

The amount adjusted following a review is granted retroactively to the date of receipt of the duly completed application for review.

14. A tutor who, before becoming a tutor, met the following conditions is entitled, as financial assistance for the child's upkeep, to a daily amount of $90.29, adjusted on 1 January of each year in accordance with the Pension Index established in accordance with section 117 of the Act respecting the Québec Pension Plan (chapter R-9), to which a daily amount of $5 is added to cover the child's personal expenses:

(1) the child was entrusted to the tutor pursuant to the Youth Protection Act (chapter P-34.1) in a capacity other than as foster family within the meaning of the Act respecting health services and social services (chapter S-4.2);

(2) the tutor's assessment had been made, as the case may be, by a social service centre pursuant to the Act respecting health services and social services for Cree Native persons (chapter S-5) or by a Native community or a group of communities pursuant to an agreement entered into under section 131.20 or 131.23 of the Youth Protection Act.

15. Financial assistance is paid to the tutor in a single monthly payment.

In the case of Indigenous customary tutorship, where 2 tutors are covered by the certificate of Indigenous customary tutorship, the monthly amount of financial assistance is paid to the tutor who submitted the initial application for financial assistance or the renewal application, as the case may be; it is paid to both tutors if the initial application for financial assistance or the renewal application, as the case may be, was submitted jointly by both tutors.

CHAPTER V
REDUCTION AND CESSATION OF FINANCIAL ASSISTANCE

16. The amount of financial assistance granted to a tutor under this Regulation is reduced if the child under tutorship is, under an Act, placed, entrusted or provided with foster care outside the residence of the tutor for a period exceeding 30 consecutive days.

In such a case, the tutor is only entitled, as of the 31st day of the child's stay outside the tutor's residence, to a daily amount of $19.33. The amount is adjusted on 1 January of each year in accordance with the Pension Index established in accordance with section 117 of the Act respecting the Québec Pension Plan (chapter R-9).

Financial assistance is entirely granted again as of the date on which the child returns living with his or her tutor.

17. An institution that takes charge of a child who is in the situation described in section 16 must so inform the institution that pays financial assistance under this Regulation. It must also inform it of the date on which the child returns living with his or her tutor.

18. If a child is in the situation described in section 16, no contribution provided for in section 512 of the Act respecting health services and social services (chapter S-4.2) or in section 159 of the Act respecting health services and social services for Cree Native persons (chapter S-5) may be required from the child's tutor or parents.

19. Entitlement to financial assistance ends as soon as

(1) the child dies;

(2) the child reaches 18 years of age or, if financial assistance was maintained beyond 18 years of age pursuant to the fourth paragraph of section 9, the child is no longer in the situation referred to therein or reaches 21 years of age, whichever occurs first;

(3) at least one of the child's parents has been reinstated as tutor;

(4) the tutor ceases to provide for the child's upkeep;

(5) the tutor dies;

(6) tutorship or Indigenous customary tutorship, as the case may be, ends for other reasons, including the tutor's replacement; or

(7) the tutor leaves Canada to establish his or her residence in another country, unless the tutor is in one of the situations described in the first paragraph of section 20.

The tutor is required to notify the institution in writing as soon as one of the situations referred to in subparagraph 1 to 4, 6 and 7 of the first paragraph occurs and, if leaving Canada, the tutor must do so before the tutor leaves.

Despite the first paragraph, if, in the case of Indigenous customary tutorship, the application for financial assistance was made jointly by both tutors, financial assistance ends, in the cases provided for in subparagraphs 4 to 7 of the first paragraph, only if both tutors are in one of the situations described therein.

20. Financial assistance granted to a tutor who leaves Canada to establish his or her residence in another country is maintained if the tutor

(1) is registered as a student in an educational institution in Québec or Canada while pursuing a program of study outside Canada;

(2) is a trainee outside Canada at a university, an institution affiliated with a university, a research institute, a government or international body or an enterprise or agency affiliated with such an institute or body;

(3) is employed by the government of Québec, the government of another province in Canada or the government of Canada and is posted outside Canada;

(4) holds employment outside Canada on behalf of a legal person, a partnership or an organization having its head office or a place of business in Québec or Canada to which the tutor is directly accountable;

(5) works abroad as an employee of a non-profit organization having its head office in Canada, under an international aid or cooperation program; or

(6) is a member of the Royal Canadian Mounted Police or the Canadian Forces and is posted outside Canada.

A tutor who is in one of the situations referred to in the first paragraph must, to take advantage of the right to maintain financial assistance, provide the institution with a supporting document.

If, in the case of Indigenous customary tutorship, the application for financial assistance was made jointly by both tutors and both tutors left Canada to establish their residence in another country, only one of the tutors must be in one of the situations described in the first paragraph to maintain financial assistance.

21. A tutor who ceased receiving financial assistance because the tutor established his or her residence elsewhere than in Canada and returns to Canada to establish his or her residence therein, may file a new application for financial assistance in accordance with Chapter II.

In such a case, entitlement to financial assistance begins on the date of receipt of the duly completed application.

CHAPTER VI
INSTITUTION'S RESPONSIBILITIES

22. Any institution operating a child and youth protection centre must ensure that assistance is provided to any person wishing to apply for financial assistance and inform that person of the rights and obligations under this Regulation.

23. An institution that receives an application for financial assistance must ensure that the application contains all the information and is accompanied by all the documents necessary for making the decision. If it finds that that is not the case, it must communicate with the tutor and give the tutor the opportunity to provide the relevant information or documents.

The institution ascertains the admissibility of the application for financial assistance, determines the amount to which the tutor is entitled and pays the financial assistance.

The institution must give the reasons and inform the tutor in writing of any decision made pursuant to this Regulation.

CHAPTER VII
TRANSITIONAL AND FINAL

24. Every person who, on the date of coming into force of this Regulation, provides in fact for the upkeep of a child for whom a certificate issued by a competent authority in accordance with article 199.10 of the Civil Code and section 131.18 of the Youth protection Act (chapter P-34.1) certifies that the person is the tutor to the child is entitled to the financial assistance provided for in this Regulation, provided that the following conditions are met:

© Éditeur officiel du Québec, 2024

(1) the Indigenous customary tutorship suspended the offices of legal tutor and of person having parental authority with respect to both of the child's parents;

(2) the conditions set out in subparagraphs 1 and 4 of the first paragraph of section 2 of this Regulation were met at the time concerned.

In such a case, entitlement to financial assistance begins on the date of coming into force of this Regulation.

A person who wishes to qualify for financial assistance must apply within 60 days following the date of coming into force of this Regulation. Chapter II applies to such an application, with the necessary modifications.

25. Financial assistance granted pursuant to the Regulation respecting financial assistance to facilitate tutorship to a child (chapter P-34.1, r. 5) which a person is receiving on the date of coming into force of this Regulation and that concerns a child 18 years of age or older registered in an educational institution to receive instructional services in vocational training governed by the Educational Act (chapter I-13.3), the Education Act for Cree, Inuit and Naskapi Native Persons (chapter I-14) or section 5 of the Act respecting the Ministère de l'Éducation, du Loisir et du Sport (chapter M-15) is maintained.

THAT financial assistance continues to be governed by the Regulation respecting financial assistance to facilitate tutorship to a child, except as concerns

(1) the amount of the financial assistance, which is determined in accordance with sections 12 and 13 of this Regulation; and

(2) the cessation of the financial assistance, which takes place upon the occurrence of one of the situations referred to in section 19 of this Regulation or not later than 31 December 2024.

26. The Regulation respecting financial assistance to facilitate tutorship to a child (chapter P-34.1, r. 5) is revoked.

27. This Regulation comes into force on 1 February 2024.

CHAPTER I
ELIGIBILITY FOR FINANCIAL ASSISTANCE

1. Any person covered by an order of placement made for the adoption of a child is entitled to the financial assistance provided for in this Regulation, provided that the following conditions are met:

(1) the child was entrusted to that person pursuant to the Youth Protection Act (chapter P-34.1) for a continuous period of at least 6 months before the issue of the order of placement;

(2) the person provides in fact for the child's upkeep.

Entitlement to financial assistance begins on the date of the order of placement.

2. Any person covered by a certificate issued by a competent authority in accordance with article 543.1 of the Civil Code and section 131.18 of the Youth Protection Act (chapter P-34.1) and attesting that the person is the adopter of a child is entitled to the financial assistance provided for in this Regulation, provided that the following conditions are met:

(2) the person provides in fact for the child's upkeep;

(3) the Indigenous customary adoption dissolved the bond of filiation between the child and each of the child's parents of origin;

(4) the Indigenous customary adoption allowed the director of youth protection to end the intervention with the child, pursuant to the Youth Protection Act.

Entitlement to financial assistance begins on the date on which the director's intervention with the child ends, pursuant to the Youth Protection Act.

CHAPTER II
APPLICATION FOR FINANCIAL ASSISTANCE

3. An adopter who wishes to benefit from the financial assistance provided for in this Regulation must apply therefor to the institution of his or her territory operating a child and youth protection centre, within 60 days, as the case may be, of the date of the order of placement or the date on which the director of youth protection ends the intervention with the child.

If an application is not submitted within the time prescribed in the first paragraph, financial assistance may, despite the delay, be granted to the adopter if the adopter gives sufficient grounds to explain the delay. Where applicable, financial assistance may be granted retroactively for not more than 6 months as of the date of receipt of the duly completed application.

The application must be made using the form provided by the institution. It must also contain the adopter's name, address and date of birth as well as the name and date of birth of the child for whom financial assistance is applied for. In the case of an application submitted by a person referred to in section 1, the application must also contain the date on which the order of placement was made.

4. Every application for financial assistance must be accompanied by affidavits from the adopter and a third person certifying that the adopter provides for the child's upkeep, resides in Canada or, as the case may be, is in a situation described in the first paragraph of section 20. It must also be accompanied by the documents referred to in the first paragraph of section 13.

The third person referred to in the first paragraph may not be the adopter's spouse, an ascendant, a descendant or a relative in the collateral line to the third degree of the adopter. Nor may the third person be the spouse of that ascendant, descendant or relative.

For the purposes of the second paragraph, "spouse" has the meaning assigned to it by section 61.1 of the Interpretation Act (chapter I-16).

5. The application for financial assistance for an Indigenous customary adoption must be accompanied, in addition to the documents provided for in the first paragraph of section 4, by the following documents:

(1) a copy of the Indigenous customary adoption certificate referred to in the first paragraph of section 2;

(2) a written statement by the director of youth protection indicating that the conditions set out in subparagraphs 1 and 4 of the first paragraph of section 2 are met and indicating the date on which the director's intervention with the child ended.

6. Where there are 2 adopters, the application for financial assistance may be submitted by one of them or jointly by both adopters.

If the application is submitted jointly, the affidavits provided for in the first paragraph of section 4 must be filed for each of the 2 adopters. Despite the foregoing, if, at the time of the joint application, both adopters have left Canada to establish their residence in another country, only one of them must file an affidavit certifying that the adopter is in a situation described in the first paragraph of section 20.

CHAPTER III
TERM AND RENEWAL OF FINANCIAL ASSISTANCE

7. Financial assistance is granted for not more than 3 consecutive years.

The financial assistance period begins on the date, determined pursuant to Chapter I, on which the adopter's entitlement for financial assistance begins. Despite the foregoing, where on that date the adopter receives adoption benefits under the Act respecting parental insurance (chapter A-29.011), the adopter may request that the start date of the financial assistance period be postponed to the date on which payment of those benefits ends. To do so, the adopter must apply to the institution at the time the adopter submits his or her application for financial assistance.

8. To maintain entitlement to financial assistance, the adopter must submit to the institution an application for the renewal of the financial assistance within 60 days preceding the date on which the first and second years of financial assistance end.

The renewal application must be made using the form provided by the institution, contain the information provided for in the third paragraph of section 3 and be accompanied by the documents provided for in the first paragraph of section 4.

Where a renewal application is submitted outside the time prescribed in the first paragraph, financial assistance may, despite the delay, be granted to the adopter if the adopter gives sufficient grounds to explain the delay. Where applicable, financial assistance may be granted retroactively, for the year of financial assistance covered by the application, for not more than 6 months as of the date of receipt of the duly completed application.

9. Where there are 2 adopters, the renewal application for financial assistance may be submitted by only one of them, although the initial application was submitted jointly, and vice versa.

If the renewal application is submitted jointly, the affidavits provided for in the first paragraph of section 4 must be filed for each of the 2 adopters. Despite the foregoing, if at the time of the joint renewal application, both adopters have left Canada to establish their residence in another country, only one of them must file an affidavit certifying that the adopter is in a situation described in the first paragraph of section 20.

10. The financial assistance period ends 3 years after the start date, determined pursuant to the second paragraph of section 7, even if the financial assistance is granted following an initial application for late financial assistance pursuant to the second paragraph of section 3 or an application for the renewal of late financial assistance pursuant to the third paragraph of section 8.

CHAPTER IV
AMOUNT AND PAYMENT OF FINANCIAL ASSISTANCE

11. Except in the case provided for in section 12, the adopter is entitled, as financial assistance for the child's upkeep, to the amount of financial assistance to which a tutor is entitled in accordance with section 12 of the Regulation respecting financial assistance to facilitate tutorship and Indigenous customary tutorship to a child made by Order in Council 1914-2023 dated 20 December 2023, less the amounts, that are reasonably attributable to the child, to which the adopter and the adopter's spouse are entitled, on a daily basis, as the family allowance provided for in section 1029.8.61.18 of the Taxation Act (chapter I-3) and the Canada child benefit provided for in section 122.61 of the Income Tax Act (R.S.C. 1985, c. 1 (5th Suppl.)).

For the purposes of the first paragraph, the adopter's spouse is his or her "cohabiting spouse" according to the definition of that expression provided for in section 1029.8.61.8 of the Taxation Act, or his or her "cohabiting spouse or common-law partner" according to the definition provided for in section 122.6 of the Income Tax Act.

The level of services required to determine the amount of compensation provided for in the first paragraph is established by the institution at the time of the initial application for financial assistance. For such purposes, the institution uses the Form for the determination and classification of support and assistance services provided for as a schedule to the Regulation respecting the classification of services offered by an intermediate resource and a family-type resource (chapter S-4.2, r. 3.1).

12. An adopter who, before becoming an adopter, met the following conditions is entitled, as financial assistance for the child's upkeep, to the amount of financial assistance to which a tutor is entitled in accordance with section 14 of the Regulation respecting financial assistance to facilitate tutorship and Indigenous customary tutorship to a child made by Order in Council 1914-2023 dated 20 December 2023, less the amounts, that are reasonably attributable to the child, to which the adopter and the adopter's spouse are entitled, on a daily basis, as the family allowance provided for in section 1029.8.61.18 of the Taxation Act (chapter I-3) and the Canada child benefit provided for in section 122.61 of the Income Tax Act (R.S.C. 1985, c. 1 (5th Suppl.)):

(1) the child was entrusted to the adopter pursuant to the Youth Protection Act (chapter P-34.1) in a capacity other than as foster family within the meaning of the Act respecting health services and social services (chapter S-4.2);

(2) the adopter's assessment had been made, as the case may be, by a social service centre pursuant to the Act respecting health services and social services for Cree Native persons (chapter S-5) or by a Native community or a group of communities pursuant to an agreement entered into under section 131.20 and 131.23 of the Youth Protection Act.

For the purposes of the first paragraph, the adopter's spouse is his or her "cohabiting spouse" according to the definition of that expression provided for in section 1029.8.61.8 of the Taxation Act, or his or her "cohabiting spouse or common-law partner" according to the definition provided for in section 122.6 of the Income Tax Act.

13. For the purposes of sections 11 and 12, the amounts considered by the institution as family allowance and Canada child benefit, to which the adopter and his or her spouse are entitled, are those determined in the documents issued by the authorities concerned.

Where the amounts are changed during a year of financial assistance, the adopter must so inform the institution and provide documents indicating the new amounts.

14. In the first year of financial assistance, the adopter is entitled to 100% of the amount calculated, as the case may be, in accordance with section 11 or 12. The adopter is entitled to only 75% of that amount in the second year and to only 50% of that amount in the third year.

15. Financial assistance is paid to the adopter in a single monthly payment.

Where there are 2 adopters, the monthly amount of financial assistance is paid to the adopter who submitted the initial application for financial assistance or the renewal application, as the case may be; it is paid to both adopters if the initial application for financial assistance or the renewal application, as the case may be, was submitted jointly by both adopters.

CHAPTER V
REDUCTION AND CESSATION OF FINANCIAL ASSISTANCE

16. The amount of financial assistance granted to an adopter under this Regulation is reduced if the child is, under an Act, placed, entrusted or provided with foster care outside the residence of the adopter for a period exceeding 30 consecutive days.

In such a case, the adopter is only entitled, as of the 31st day of the child's stay outside the adopter's residence, to a daily amount of $19.33, adjusted on 1 January of each

© Éditeur officiel du Québec, 2024

year in accordance with the Pension Index established in accordance with section 117 of the Act respecting the Québec Pension Plan (chapter R-9), less the amounts, that are reasonably attributable to the child, to which the adopter and the adopter's spouse are entitled, on a daily basis, as the family allowance provided for in section 1029.8.61.18 of the Taxation Act (chapter I-3) and the Canada child benefit provided for in section 122.61 of the Income Tax Act (R.S.C. 1985, c. 1 (5th Suppl.)).

Financial assistance is entirely granted again as of the date on which the child returns living with the adopter.

For the purposes of the second paragraph, the adopter's spouse is his or her "cohabiting spouse" according to the definition of that expression provided for in section 1029.8.61.8 of the Taxation Act, or his or her "cohabiting spouse or common-law partner" according to the definition provided for in section 122.6 of the Income Tax Act. In addition, the adopter is subject to the requirement provided for in the second paragraph of section 13 of this Regulation.

17. An institution that takes charge of a child who is in the situation described in section 16 must so inform the institution that pays financial assistance under this Regulation. It must also inform it of the date on which the child returns living with the adopter.

18. If a child is in the situation described in section 16, no contribution provided for in section 512 of the Act respecting health services and social services (chapter S-4.2) or in section 159 of the Act respecting health services and social services for Cree Native persons (chapter S-5) may be required from an adopter.

19. Entitlement to financial assistance ends as soon as

(1) the child dies;

(2) the child reaches 18 years of age;

(3) the adopter ceases to provide for the child's upkeep;

(4) the bond of filiation between the child and the adopter is dissolved;

(5) the adopter leaves Canada to establish his or her residence in another country, unless the adopter is in one of the situations described in the first paragraph of section 20; or

(6) the adopter dies.

The adopter is required to notify the institution in writing as soon as one of the situations referred to in subparagraphs 1 to 5 of the first paragraph occurs and, if leaving Canada, the adopter must do so before the adopter leaves.

Despite the first paragraph, if the application for financial assistance was made jointly by both adopters, financial assistance ends, in the cases provided for in subparagraphs 3 to 6 of the first paragraph, only if both adopters are in one of the situations described therein.

20. Financial assistance granted to an adopter who leaves Canada to establish his or her residence in another country is maintained if the adopter

(1) is registered as a student in an educational institution in Québec or Canada while pursuing a program of study outside Canada;

(2) is a trainee outside Canada at a university, an institution affiliated with a university, a research institute, a government or international body or an enterprise or agency affiliated with such an institute or body;

(3) is employed by the government of Québec, the government of another province in Canada or the government of Canada and is posted outside Canada;

(4) holds employment outside Canada on behalf of a legal person, a partnership or an organization having its head office or a place of business in Québec or Canada to which the adopter is directly accountable;

(5) works abroad as an employee of a non-profit organization having its head office in Canada, under an international aid or cooperation program; or

(6) is a member of the Royal Canadian Mounted Police or the Canadian Forces and is posted outside Canada.

An adopter who is in one of the situations referred to in the first paragraph must, to take advantage of the right to maintain financial assistance, provide the institution with a supporting document.

If the application for financial assistance was made jointly by both adopters and both adopters left Canada to establish their residence in another country, only one of the adopters must be in one of the situations described in the first paragraph to maintain financial assistance.

21. An adopter who ceased receiving financial assistance because the adopter established his or her residence elsewhere than in Canada and returns to Canada to establish his or her residence may, if the 3-year period

© Éditeur officiel du Québec, 2024

during which the adopter is entitled to financial assistance has not elapsed, file a new application for financial assistance in accordance with Chapter II.

In such a case, entitlement to financial assistance begins on the date of receipt of the duly completed application.

CHAPTER VI
INSTITUTION'S RESPONSIBILITIES

22. Any institution operating a child and youth protection centre must ensure that assistance is provided to any person wishing to apply for financial assistance and inform that person of the rights and obligations under this Regulation.

23. An institution that receives an application for financial assistance must ensure that the application contains all the information and is accompanied by all the documents necessary for making the decision. If it finds that that is not the case, it must communicate with the adopter and give the adopter the opportunity to provide the relevant information or documents.

The institution ascertains the admissibility of the application for financial assistance, determines the amount to which the adopter is entitled and pays the financial assistance.

The institution must give the reasons and inform the adopter in writing of any decision made pursuant to this Regulation.

CHAPTER VII
TRANSITIONAL AND FINAL

24. Every person who, on the date of coming into force of this Regulation, provides in fact for the upkeep of a child in respect of whom a certificate issued by a competent authority in accordance with article 543.1 of the Civil Code and section 131.18 of the Youth Protection Act (chapter P-34.1) certifies that the person is the adopter is entitled to the financial assistance provided for in this Regulation, provided that the following conditions are met:

(1) the Indigenous customary adoption dissolved the bond of filiation between the child and each of the child's parents of origin;

(2) the conditions set out in subparagraphs 1 and 4 of the first paragraph of section 2 of this Regulation were met at the time concerned.

In such a case, entitlement to financial assistance begins on the date of coming into force of this Regulation.

A person who wishes to qualify for financial assistance must apply within 60 days following the date of coming into force of this Regulation. Chapter II applies to such an application, with the necessary modifications.

25. The Regulation respecting financial assistance to facilitate the adoption of a child (chapter P-34.1, r. 4) is revoked.

Despite the first paragraph, the financial assistance granted to an adopter pursuant to the Regulation respecting financial assistance to facilitate the adoption of a child remains governed by it, except that section 6 of that Regulation is replaced by section 11 of this Regulation.

26. This Regulation comes into force on 1 February 2024.

SCHEDULE

ROADS UNDER THE MANAGEMENT OF THE MINISTER OF TRANSPORT AND SUSTAINABLE MOBILITY

PRESENTATION NOTE

The roads under the management of the Minister of Transport and Sustainable Mobility are described for each municipality in which they are located. The update of the Schedule to Order in Council 292-93 dated 3 March 1993 and its subsequent amendments indicates the corrections made to road descriptions, roads that were added or removed and roads that underwent a change to their right-of-way width or a geometric redevelopment.

(A) CORRECTIONS TO ROAD DESCRIPTIONS, AND ADDITION OR REMOVAL OF ROADS

Roads that are the subject of a correction to their description or that were added or removed are listed using the following five elements:

1. ROAD CLASS

The nomenclature of road classes is based on the functional classification established by the Ministère des Transports et de la Mobilité durable.

2. SECTION IDENTIFICATION

The roads are identified according to the codification system used by the Ministère to subdivide its road network. The codification is classified by Road / Segment / Section / Sub-road. The sequence within sub-roads has evolved over the years (the current codification appears in boldface in the examples below). Here is how to interpret the information:

© Éditeur officiel du Québec, 2024

Main road

Road	Segment	Section	Sub-road	Description
00138	- 01	- 110	- **000-C**	Main road (000) with **C**ontiguous lanes
00020	- 02	- 090	- **000-S**	Main road (000) with **S**eparated (divided) roadways
00020	- 02	- 090	- 0-00-1	Main road (000) with number serving for computer validation “1” (from 0 to 9)

Ramp

Road	Segment	Section	Sub-road	Description
00020	- 02	- 090	- **32A**	Ramp (**3**), intersection No. **2**, named “**A**”
00020	- 02	- 090	- 3-02-0-A	Ramp (3), intersection No. 02, named “0-A”

3. Road name (odonym)

For roads with a number lower than 1000, it is the number, and not the odonym, that is indicated. The odonym is used for all other roads.

When one or more ramps are present along a road section, the total number of ramps attached to the section is also indicated. The cumulative length of all those ramps is then indicated under the heading “Length in kilometres”.

4. Location of beginning

This element contains a description of a physical reference point to indicate the beginning of a road section or identify a municipal boundary.

5. Length in kilometres

The length in kilometres is indicated for each road or portion of a road. The length, established by the Minister of Transport and Sustainable Mobility, corresponds to the distance travelled by a vehicle between two points, without taking into account the number of lanes or the layout in contiguous lanes or divided roadways. Thus, the length is the same, whether for an autoroute or a collector road.

(B) CHANGE OF RIGHT-OF-WAY WIDTH OR GEOMETRIC REDEVELOPMENT

Roads that have undergone a change of right-of-way width or a geometric redevelopment are described using the same elements as in section A above, as well as the plan number, the land surveyor’s name and the number of the land surveyor’s minutes, where relevant.

Draft Regulations

Draft Regulation

Charter of the French language
(chapter C-11)

Language of commerce and business
— Amendment

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (chapter R-18.1), that the Regulation to amend mainly the Regulation respecting the language of commerce and business, appearing below, may be made by the Government on the expiry of 45 days following this publication.

The draft Regulation, in particular,

— updates the wording of certain provisions, particularly to ensure harmonization with the amendments made by the Act respecting French, the official and common language of Québec (2022, chapter 14) to the Charter of the French language (chapter C-11);

— specify certain cases in which an inscription on a product may be only in a language other than French;

— sets rules applicable to public signs and posters of trade marks and enterprise's names.

The draft Regulation also provides for provisions to facilitate the implementation of the Charter of the French language, in particular with regards to contracts of adhesion and inscriptions on products. Lastly, it provides for the scope of the requirement on the markedly predominance of French and revokes the Regulation defining the scope of the expression "markedly predominant" for the purposes of the Charter of the French language (chapter C-11, r. 11).

The impact on enterprises may vary from business to business, regardless of the business's size. According to estimates, the direct cost of complying with the new provisions will likely be 7 to 15 million dollars. The provisions proposed introduce no new administrative formalities.

Further information on the draft Regulation may be obtained by contacting Josée Saindon, Director General, Direction générale des relations avec les entreprises et l'Administration, Office québécois de la langue française, 800, rue du Square-Victoria, 31e étage, Montréal (Québec), H4Z 1C8; telephone: 514 873-6565, extension 8031; email: josee.saindon@oqlf.gouv.qc.ca.

Any person wishing to comment on the draft Regulation is requested to submit written comments within the 45-day period to the Minister of the French Language, 800, rue D'Youville, 13e étage, Québec (Québec) G1R 3P4.

9. The following is inserted after section 27:

"**DIVISION IV.1**
PROVISIONS TO FACILITATE THE IMPLEMENTATION OF CHAPTER VII OF THE CHARTER OF THE FRENCH LANGUAGE

§I. Inscription concerning a product and documents related to the product

27.1. For the purposes of section 51 of the Charter of the French language (chapter C-11) and of this Regulation, an inscription on a product includes the inscription displayed for the user using an integrated software.

27.2. For the purposes of section 51.1 of the Charter of the French language (chapter C-11), as made by section 43 of the Act respecting French, the official and common language of Québec (2022, chapter 14),

(1) a product includes its container or wrapping and any document or object supplied with it;

(2) no generic term or description of a product included in a trademark in another language may be given greater prominence than that in French or be available on more favourable terms.

27.3. For the purposes of section 51.1 of the Charter of the French language (chapter C-11), as made by section 43 of the Act respecting French, the official and common language of Québec (2022, chapter 14),

(1) a description refers to one or more words describing the characteristics of a product;

(2) a generic term refers to one or more words describing the nature of a product.

27.4. For the purposes of section 51.1 of the Charter of the French language (chapter C-11), as made by section 43 of the Act respecting French, the official and common language of Québec (2022, chapter 14), a registered trademark includes a trademark in respect of which an application for registration is pending, as of the filing date of the application with the Registrar of Trademarks instituted under the Trademarks Act (R.S.C., 1985, c. T-13).

27.5. For the purposes of section 52 of the Charter of the French language (chapter C-11) and of this Regulation, the documents referred to in that section include the information published on websites or posted on social media.

§II. Contracts of adhesion

27.6. For the purposes of section 55 of the Charter of the French language (chapter C-11),

(1) a document related to a contract of adhesion includes a document

(*a*) attesting to the existence of the contract, such as an insurance certificate;

(*b*) whose attachment to the contract is required by law, such as a resiliation or resolution form;

(*c*) that otherwise constitutes an ancillary document;

(2) the requirement to issue a French version of a contract of adhesion that is entered into by telephone is met if the adhering party has stated the express wish to enter into the contract in a language other than French, provided that

(*a*) the adhering party had an opportunity to consult the applicable standard clauses in French using a technological means; or

(*b*) the contract is to take effect immediately and the adhering party does not have the technological means to access the applicable standard clauses in the contract;

(3) the requirement to issue a French version of a contract of adhesion entered into using a technological means is met by giving the adhering party the applicable standard clauses in French.

§III. Public signs and posters

27.7. On public signs and posters that are both in French and in another language, French is markedly predominant where the text in French has a much greater visual impact than the text in the other language.

In assessing the marked predominance of French, the text in French for the business hours, telephone numbers, addresses, numbers, percentages or definite, indefinite or partitive articles is not considered.

© Éditeur officiel du Québec, 2024

In assessing the visual impact, the following are not considered where their presence is specifically allowed under an exception provided for in the Charter of the French language (chapter C-11) or in a regulation made for the application of the Charter:

(1) a family name or a place name;

(2) a trademark, except the trademark that appears on public signs and posters visible from outside premises and written, even partially, only in a language other than French;

(3) other terms in a language other than French.

27.8. For the purposes of the second paragraph of section 58.1 and section 68.1 of the Charter of the French language (chapter C-11), as made by sections 48 and 49 respectively of the Act respecting French, the official and common language of Québec (2022, chapter 14), and subparagraph 2 of the third paragraph of section 27.7, public signs and posters are visible from outside premises where they may be seen

(1) from outside a space, closed or not, including on an immovable, a group of immovables or inside a shopping centre;

(2) on a bollard or other independent structure, including a pylon sign except, in the latter case, where more than two trademarks or enterprise names appear on the public signs and posters.

27.9. For the purposes of section 27.7, French text has a much greater visual impact where, within the same visual field, the following conditions are met:

(1) the French text is at least twice as large as the text in another language;

(2) the French text's legibility and permanent visibility are equivalent to those of the text in another language.

Public signs and posters whose components in French are permanent and that, in relation to those in another language, are designed, lighted and situated so as to make them easy to read, both at the same time, at all times are considered to meet the requirements for legibility and visibility.

A "same visual field" refers to an overall view where all the components of the public signs and posters are visible and legible at the same time without having to move.

For the purposes of the first paragraph, public signs and posters that are of a precarious nature through their materials or the manner in which the public signs and posters are attached, in particular public signs and posters likely to be easily removed or tore off, are not considered to ensure permanent visibility, unless the display system is the subject of measures for guaranteeing the presence or replacement of the public signs and posters.

27.10. For the purposes of the second paragraph of section 58.1 and section 68.1 of the Charter of the French language (chapter C-11), as made by sections 48 and 49 respectively of the Act respecting French, the official and common language of Québec (2022, chapter 14), to ensure that French is markedly predominant, public signs and posters of a trademark or an enterprise's name visible from outside premises must be accompanied at least by terms in French, such as a generic term, a description of the products or services concerned, or a slogan.

For the purposes of the first paragraph, "generic term" and "description" have the meaning assigned by section 27.3 with regard to both products and services.".

10. Until 1 June 2027, products that are non-compliant with section 51.1 of the Charter of the French language (chapter C-11) as made by section 43 of the Act respecting French, the official and common language of Québec (2022, chapter 14), may be distributed, retailed, leased, offered for sale or lease, or otherwise offered on the market, by gratuitous or onerous title, provided they were both

(1) manufactured before 1 June 2025; and

(2) no French-language version of the product's recognized trademark within the meaning of the Trademarks Act (R.S.C., 1985, c. T-13) was registered as of (*insert the date of publication of this Regulation in the Gazette officielle du Québec*).

11. The Regulation defining the scope of the expression "markedly predominant" for the purposes of the Charter of the French language (chapter C-11, r. 11) is revoked.

12. This Regulation comes into force on 1 June 2025, except the provisions of sections 1, 2, 4 and 5 as well as those of section 9, insofar as they enact sections 27.1 and 27.5 and subdivision II of Division IV.1, which come into force on the fifteenth day following the date of the Regulation's publication in the *Gazette officielle du Québec*.

Benoit Charette
Minister of the Environment, the Fight Against Climate Change, Wildlife and Parks

Regulation respecting the Réserve de biodiversité d'Anticosti

Natural Heritage Conservation Act
(chapter C-61.01, s. 44, 1st par.)

1. This Regulation establishes the activity framework applicable in the Réserve de biodiversité d'Anticosti, designated by the Government pursuant to section 27 of the Natural Heritage Conservation Act (chapter C-61.01).

2. For the purposes of this Regulation, "boundary of the littoral zone", "littoral zone", "lakeshore", "riverbank" and "flood zone" have the meaning given in section 4 of the Regulation respecting activities in wetlands, bodies of water and sensitive areas (chapter Q-2, r. 0.1).

3. Unless authorization is obtained from the Minister, no person may remove, extract, excavate or damage a fossil in the biodiversity reserve.

Despite the first paragraph, no authorization is required to remove fossils when

(1) the removal is effected on a non-commercial basis;

(2) the fossils removed are exposed at the ground surface;

(3) the fossils removed are separated from the rock that contains them;

(4) the removal does not require excavation using mechanical means or extraction using tools;

(5) the removal is limited to a maximum of five fossils of less than 10 cm per person per year; and

(6) the removal is effected only in a place where no signage erected by the Minister prohibits removal in order to preserve fossil-bearing sectors that must be maintained intact because of their representative or exceptional nature.

4. Unless authorization is obtained from the Minister, no person may carry on an activity that negatively affects a species of fauna or flora designated or likely to be designated as threatened or vulnerable and that is not already subject to authorization or prohibited under the Act respecting the conservation and development of wildlife (chapter C-61.1) or the Act respecting threatened or vulnerable species (chapter E-12.01) and their regulations.

For the purposes of the first paragraph, an activity that negatively affects a species of fauna or flora designated or likely to be designated as threatened or vulnerable is, in particular, an activity involving removing, capturing or otherwise disturbing a specimen of that species.

5. Unless authorization is obtained from the Minister and subject to the prohibition in the second paragraph, no person may introduce a specimen of a native or non-native species of fauna into the biodiversity reserve, including by stocking.

No person may stock a lake or watercourse for aquaculture, commercial fishing or any other commercial purpose.

Unless authorization is obtained from the Minister, no person may introduce a specimen of a non-native species of flora into the biodiversity reserve.

6. No person may use fertilizers in the biodiversity reserve.

Despite the first paragraph, the use of compost for domestic purposes is permitted at least 20 m from a lake or watercourse, measured from the boundary of the littoral zone.

7. No person may remove plant species, berries or any other non-timber forest product from the biodiversity reserve by mechanical means.

8. Unless authorization is obtained from the Minister, no person may, in the biodiversity reserve,

(1) install or erect any construction, infrastructure or new works;

(2) intervene in a wetland or body of water;

(3) modify the natural drainage or water regime, including by creating or developing lakes or watercourses;

(4) carry on an activity other than those referred to in paragraphs 1 to 3 that is likely to directly and substantially alter the physical, chemical or biological characteristics or the quality of a wetland or body of water in the biodiversity reserve, including by discharging or dumping any residual material or contaminant into the wetland or body of water;

(5) carry out soil development work or an activity likely to degrade the soil or a geological formation, or to damage the vegetation cover, in particular by stripping, the digging of trenches or excavation work, including any burial, earthwork, removal or displacement of surface materials or vegetation cover, for any purpose;

(6) reconstruct or demolish a structure, infrastructure or works;

(7) use a pesticide;

(8) carry on educational or research-related activities if the activities are likely to directly or significantly damage or disturb the natural environment, in particular because of the nature or size of the samples removed or the invasive character of the method or process used; or

(9) hold a sports event, tournament, rally or any other similar event where

(*a*) fauna or flora species are removed or are likely to be removed; or

(*b*) vehicles or watercraft are used.

9. Despite paragraph 1 of section 8, no authorization is required for the installation of a platform, either a floating platform with a movable anchor or on piles, or a boathouse on piles in accordance with section 2 of the Regulation respecting the water property in the domain of the State (chapter R-13, r. 1).

10. Despite paragraphs 6, 7 and 8 of section 8, if the requirements provided for in the second paragraph are met, no authorization is required to carry out the following work:

(1) the rebuilding, maintenance, closure, repair or improvement of any construction, infrastructure or works, including a camp, a cabin, a road or a trail, including an ancillary facility such as a lookout or stairs;

(2) the construction or installation

(*a*) of a dependency or a facility ancillary to a shelter or a cabin, including a shed, a water withdrawal facility or devices for the discharge and disposal of wastewater, grey water and toilet effluents; or

(*b*) of a shelter or cabin when, on (*insert here the date of coming into force of this Regulation*), such a building was allowed under the right of use or occupancy granted, but was not yet carried out; or

(3) the demolition or reconstruction of a shelter or a cabin, including a dependency or a facility ancillary to such a construction, such as a shed, a water withdrawal facility or devices for the discharge and disposal of wastewater, grey water and toilet effluents.

The carrying out of the work referred to in the first paragraph must comply with the following:

(1) the work involves a construction, infrastructure or works whose presence is allowed in the biodiversity reserve;

(2) the work is carried out within the area of the land or right of way covered by the right of use or occupancy in the biodiversity reserve, whether the right results from a lease, a servitude or another form of title, permit or authorization;

© Éditeur officiel du Québec, 2024

(3) the nature of the work or elements erected by the work will not operate to increase the area of land that may remain deforested beyond the limits allowed by the provisions applicable to the sale, lease and granting of immovable rights under the Act respecting the lands in the domain of the State (chapter T-8.1) and, if applicable, the limits set under an authorization issued in connection with that construction, works or infrastructure;

(4) the work is carried out in accordance with the prescriptions of any permit or authorization issued for the work or in connection with the construction, infrastructure or works to which they are related, as well as in compliance with the applicable laws and regulations;

(5) in the case of forest roads, the work must not result in altering or exceeding the existing right of way or converting the road into a higher class of road.

For the purposes of this section, rebuilding, maintenance, closure, repair or improvement work includes work to replace or install structures or facilities with a view to complying with a law or regulation.

11. Despite paragraph 7 of section 8, no authorization is required for the use of an insect repellent for personal purposes or of a pesticide inside a building used as an accommodation unit for outfitting purposes.

12. Unless authorization is obtained from the Minister, no person may bury, incinerate, abandon or dispose of residual materials or snow, except if they are disposed of in waste disposal containers, facilities or sites determined by the Minister.

Despite the first paragraph, no authorization is required to use a disposal facility or site, in compliance with the Environment Quality Act (chapter Q-2) and its regulations, if the use is part of the activities of an outfitting operation and began before (*insert here the date of coming into force of this Regulation*).

13. Unless authorization is obtained from the Minister, no person may enter, carry on an activity or operate a vehicle in a given sector of the biodiversity reserve if the signage erected by the Minister restricts such entry, the carrying on of such an activity or the operation of such a vehicle in the sector in order to protect the public from danger or to avoid placing the fauna, flora or other components of the natural environment at risk.

14. No person may destroy, remove, move or damage any poster, sign, notice or other type of signage installed by the Minister within the biodiversity reserve.

15. Unless authorization is obtained from the Minister, no person may, for a period of more than 30 days in the same year, occupy or use the same site in the biodiversity reserve.

For the purposes of the first paragraph,

(1) the occupation or use of a site includes

(*a*) staying or settling on the biodiversity reserve, for instance for vacation purposes;

(*b*) setting up a camp or shelter;

(*c*) installing, burying or abandoning any property in the reserve, including equipment, a device or a vehicle; and

(2) the reference to the same site includes any other site within a radius of 1 km from that site.

Despite the first paragraph, an authorization is not required if a person

(1) on (*insert here the date of coming into force of this regulation*) was a party to a lease or had entitlement under another form of right or another authorization allowing the person to legally occupy the land under the Act respecting the lands in the domain of the State (chapter T-8.1) or, if applicable, the Act respecting the conservation and development of wildlife (chapter C-61.1), and whose right to occupy the land is renewed or extended on the same conditions, subject to possible changes in fees; or

(2) in accordance with the law, has entitlement under a sublease, an assignment of a lease or a transfer of a right or authorization referred to in subparagraph 1, and whose right to occupy the land is renewed or extended on the same conditions, subject to possible changes in fees.

16. Unless authorization is obtained from the Minister, no person may carry on a forest development activity for a non-commercial purpose.

Despite the first paragraph, no authorization is required by a person staying or residing in the biodiversity reserve and who harvests the wood needed to make a campfire.

No such authorization is required if a person, under a lease to occupy land in the biodiversity reserve in accordance with the provisions of this Regulation, carries out a forest development activity for the purpose of

© Éditeur officiel du Québec, 2024

(1) clearing, maintaining or creating visual openings, and any other similar removal work permitted under the provisions governing the sale, lease and granting of immovable rights under the Act respecting the lands in the domain of the State (chapter T-8.1), including for access roads, stairs or other trails permitted under those provisions; or

(2) clearing the necessary area for the installation, connection, maintenance, repair, reconstruction or improvement of power, water, sewer or telecommunication lines, facilities and mains.

If the work referred to in subparagraph 2 of the third paragraph is carried on for or under the responsibility of an enterprise providing any of those services, the work requires authorization from the Minister, other than in the case of the exemption provided for in section 17.

17. Unless authorization is obtained from the Minister, no person may carry on commercial activities in the biodiversity reserve other than those provided for in section 49 de la Natural Heritage Conservation Act (chapter C-61.01).

Despite the first paragraph, no authorization is required

(1) if the activity does not involve the removal of fauna or flora resources or the use of a motor vehicle; or

(2) to carry on commercial activities if, on (*insert here the date of coming into force of this Regulation*), the activities were the subject of a right of use of the land for such purpose, whether or not the right results from a lease or another form of title, permit or authorization, within the limits of what the right allows.

18. Despite any other provision of this Regulation, an authorization is not required by a person for an activity or other form of intervention within the biodiversity reserve if urgent action is necessary to prevent harm to the life, health or safety of a human being, an ecosystem or a living species or to repair or prevent damage caused by an actual or apprehended catastrophe. The person concerned must, however, immediately inform the Minister of the activity or intervention that has taken place.

19. Despite any other provision of this Regulation, an authorization is not required for a member of a Native community for an intervention within the biodiversity reserve where that intervention is part of the exercise of rights covered by section 35 of the Constitution Act, 1982 (being Schedule B to the Canada Act 1982 (U.K.), 1982, c. 11) and those rights are credibly asserted or established.

20. This Regulation comes into force on the fifteenth day following the date of its publication in the *Gazette officielle du Québec*.
