SEC. 209. (a) Notwithstanding any other provision of law, subject to the conditions listed under this section, for fiscal years 2023 and 2024, the Secretary of Housing and Urban Development may authorize the transfer of some or all project-based assistance, debt held or insured by the Secretary and statutorily required low-income and very low-income use restrictions if any, associated with one or more multifamily housing project or projects to another multifamily housing project or projects.

(b) PHASED TRANSFERS.—Transfers of project-based assistance under this section may be done in phases to accommodate the financing and other requirements related to rehabilitating or constructing the project or projects to which the assistance is transferred, to ensure that such project or projects meet the standards under subsection (c).

(c) The transfer authorized in subsection (a) is subject to the following conditions:

(1) NUMBER AND BEDROOM SIZE OF UNITS.—

(A) For occupied units in the transferring project: The number of low-income and very low-income units and the configuration (i.e., bedroom size) provided by the transferring project shall be no less than when transferred to the receiving project or projects and the net dollar amount of Federal assistance provided to the transferring project shall remain the same in the receiving project or projects.

(B) For unoccupied units in the transferring project: The Secretary may authorize a reduction in the number of dwelling units in the receiving project or projects to allow for a reconfiguration of bedroom sizes to meet current market demands, as determined by the Secretary and provided there is no increase in the project-based assistance budget authority.

(2) The transferring project shall, as determined by the Secretary, be either physically obsolete or economically non-viable, or be reasonably expected to become economically non-viable when complying with State or Federal requirements for community integration and reduced concentration of individuals with disabilities.

(6) The Secretary determines that this transfer is in the best interest of the tenants.

(7) If either the transferring project or the receiving project or projects meets the condition specified in subsection (d)(2)(A), any lien on the receiving project resulting from additional financing obtained by the owner shall be subordinate to any FHA-insured mortgage lien transferred to, or placed on, such project by the Secretary, except that the Secretary may waive this requirement upon determination that such a waiver is

necessary to facilitate the financing of acquisition, construction, and/or rehabilitation of the receiving project or projects.

(8) If the transferring project meets the requirements of subsection (d)(2), the owner or mortgagor of the receiving project or projects shall execute and record either a continuation of the existing use agreement or a new use agreement for the project where, in either case, any use restrictions in such agreement are of no lesser duration than the existing use restrictions.

(9) The transfer does not increase the cost (as defined in section 502 of the Congressional Budget Act of 1974 (2 U.S.C. 661a)) of any FHA-insured mortgage, except to the extent that appropriations are provided in advance for the amount of any such increased cost.

SEC. 212. Notwithstanding any other provision of law, in fiscal year 2023, in managing and disposing of any multifamily property that is owned or has a mortgage held by the Secretary of Housing and Urban Development, and during the process of foreclosure

To the extent the Secretary determines, in consultation with the tenants and the local government that such a multifamily property owned or having a mortgage held by the Secretary is not feasible for continued rental assistance payments under such section 8 or other programs, based on consideration of (1) the costs of rehabilitating and operating the property and all available Federal, State, and local resources, including rent adjustments under section 524 of the Multifamily Assisted Housing Reform and Affordability Act of 1997 (in this section “MAHRAA”) (42 U.S.C. 1437f note), and (2) environmental conditions that cannot be remedied in a cost-effective fashion, the Secretary may, in consultation with the tenants of that property, contract for project-based rental assistance payments with an owner or owners of other existing housing properties, or provide other rental assistance. The Secretary shall also take appropriate steps to ensure that project-based contracts remain in effect prior to foreclosure, subject to the exercise of contractual abatement remedies to assist relocation of tenants for imminent major threats to health and safety after written notice to and informed consent of the affected tenants and use of other available remedies, such as partial abatements or receivership. After disposition of any multifamily property described in this section, the contract and allowable rent levels on such properties shall be subject to the requirements under section 524 of MAHRAA.

SEC. 215. No official or employee of the Department of Housing and Urban Development shall be designated as an allotment holder unless the Office of the Chief Financial Officer has determined that such allotment holder has implemented an adequate system of funds control and has received training in funds control procedures and directives. SEC. 217. Payment of attorney fees in program-related litigation shall be paid from the individual program office and Office of General Counsel salaries and expenses appropriations.

SEC. 218. The Secretary is authorized to transfer up to 10 percent or \$5,000,000, whichever is less, of funds appropriated for any office under the headings “Administrative Support Offices” or “Program Offices” to any other such office under such headings: *Provided*, That no appropriation for any such office under such headings shall be increased or decreased by more than 10 percent or \$5,000,000, whichever is less, without prior written approval of the House and Senate Committees on Appropriations: *Provided further*, That the Secretary shall provide notification to such Committees 3 business days in advance of any such transfers under this section up to 10 percent or \$5,000,000, whichever is less.

SEC. 219. (a) Any entity receiving housing assistance payments shall maintain decent, safe, and sanitary conditions, as determined by the Secretary, and comply with any standards under applicable State or local laws, rules, ordinances, or regulations relating to the physical condition of any property covered under a housing assistance payment contract.

(b) The Secretary shall take action under subsection (c) when a multifamily housing project with a contract under section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f) or a contract for similar project-based assistance—

(1) receives a Uniform Physical Condition Standards (UPCS) score of 59 or less; or

(2) fails to certify in writing to the Secretary within 3 days that all Exigent Health and Safety deficiencies identified by the inspector at the project have been corrected.

Such requirements shall apply to insured and noninsured projects with assistance attached to the units under section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f), but shall not apply to such units assisted under section 8(o)(13) of such Act (42 U.S.C. 1437f(o)(13)) or to public housing units assisted with capital or operating funds under section 9 of the United States Housing Act of 1937 (42 U.S.C. 1437g).

(c)(1) Within 15 days of the issuance of the Real Estate Assessment Center (“REAC”) inspection, the Secretary shall provide the owner with a Notice of Default with a specified timetable, determined by the Secretary, for correcting all deficiencies. The Secretary shall provide a copy of the Notice of Default to the tenants, the local government, any mortgagees, and any contract administrator. If the owner’s appeal results in a UPCS score of 60 or above, the Secretary may withdraw the Notice of Default.

(2) At the end of the time period for correcting all deficiencies specified in the Notice of Default, if the owner fails to fully correct such deficiencies, the Secretary may—

(A) require immediate replacement of project management with a management agent approved by the Secretary;

(C) abate the section 8 contract, including partial abatement, as determined by the Secretary, until all deficiencies have been corrected;

(D) pursue transfer of the project to an owner, approved by the Secretary under established procedures, who will be obligated to promptly make all required repairs and to accept renewal of the assistance contract if such renewal is offered;

(E) transfer the existing section 8 contract to another project or projects and owner or owners;

(F) pursue exclusionary sanctions, including suspensions or debarments from Federal programs;

(G) seek judicial appointment of a receiver to manage the property and cure all project deficiencies or seek a judicial order of specific performance requiring the owner to cure all project deficiencies;

(H) work with the owner, lender, or other related party to stabilize the property in an attempt to preserve the property through compliance, transfer of ownership, or an infusion of capital provided by a third-party that requires time to effectuate; or

(I) take any other regulatory or contractual remedies available as deemed necessary and appropriate by the Secretary.

(d) The Secretary shall take appropriate steps to ensure that project-based contracts remain in effect, subject to the exercise of contractual abatement remedies to assist relocation of tenants for major threats to health and safety after written notice to the affected tenants. To the extent the Secretary determines, in consultation with the tenants and the local government, that the property is not feasible for continued rental assistance payments under such section 8 or other programs, based on consideration of—

(1) the costs of rehabilitating and operating the property and all available Federal, State, and local resources, including rent adjustments under section 524 of the Multifamily Assisted Housing Reform and Affordability Act of 1997 (“MAHRAA”); and

(2) environmental conditions that cannot be remedied in a cost-effective fashion, the Secretary may contract for project-based rental assistance payments with an owner or owners of other existing housing properties, or provide other rental assistance.

(e) The Secretary shall report semi-annually on all properties covered by this section that are assessed through the Real Estate Assessment Center and have UPCS physical inspection scores of less than 60 or have received an unsatisfactory management and occupancy review within the past 36 months. The report shall include—

(1) identification of the enforcement actions being taken to address such conditions, including imposition of civil money penalties and termination of subsidies, and identification of properties that have such conditions multiple times;

(2) identification of actions that the Department of Housing and Urban Development is taking to protect tenants of such identified properties; and

(3) any administrative or legislative recommendations to further improve the living conditions at properties covered under a housing assistance payment contract.

The first report shall be submitted to the Senate and House Committees on Appropriations not later than 30 days after the enactment of this Act, and the second report shall be submitted within 180 days of the transmittal of the first report.

“(1) demonstrates that—

“(A) project income is insufficient to operate and maintain the project, and no rehabilitation is currently needed, as determined by the Secretary; or

“(B) the rent adjustment or renewal contract is necessary to support commercially reasonable financing (including any required debt service coverage and replacement reserve) for rehabilitation necessary to ensure the long-term sustainability of the project, as determined by the Secretary, and in the event the owner or purchaser fails to implement the rehabilitation as required by the Secretary, the Secretary may take such action against the owner or purchaser as allowed by law; and

“(v) TREATMENT OF REPAYMENTS FOR DISTRIBUTIONS FROM IRAS.—If a contribution is made under clause (ii) with respect to a specified early distribution from an individual retirement plan, then, to the extent of the amount of the contribution, such distribution shall be treated as a distribution described in section 408(d)(3) and as having been transferred to the applicable retirement savings vehicle in a direct trustee to trustee transfer within 60 days of the distribution.

“(D) RULES TO ACCOUNT FOR INVESTMENT LOSS.—The Secretary shall prescribe such rules as may be appropriate to reduce any increase in tax otherwise made under subparagraph (A) to properly account for the extent to which any portion of the excess described in such subparagraph is allocable to investment loss in the retirement savings vehicle.

“(2) ELIGIBLE PARTICIPANT WHO BECOMES A HIGHLY COMPENSATED EMPLOYEE.—Notwithstanding paragraph (1)(B), an individual who is enrolled in a pension-linked emergency savings account and thereafter becomes a highly compensated employee may not make further contributions to such account, but retains the right to withdraw any account balance of such account in accordance with subsection (c)(1)(A)(ii).

“(3) DEFINITION.—For purposes of this subsection, the term ‘highly compensated employee’ has the meaning given the term in section 414(q) of the Internal Revenue Code of 1986.

“(B) EXCESS CONTRIBUTIONS.—To the extent any contribution to the pension-linked emergency savings account of a participant for a taxable year would exceed the limitation of subparagraph (A)—

“(i) in the case of a participant with another designated Roth account under the individual account plan, such plan may provide that—

“(I) the participant may elect to increase the participant’s contribution to such other account; and

“(II) in the absence of such a participant election, the participant is deemed to have elected to increase the participant’s contributions to such other account at the rate at which contributions were being made to the pension-linked emergency savings account; and

The matching contributions shall be made to the participant’s account under the individual account plan that is not the pension-linked emergency savings account. Such matching contributions on account of contributions under paragraph (1)(A) shall not exceed the maximum account balance under paragraph (1)(A) for such plan year.

“(B) COORDINATION RULE.—For purposes of any applicable limitation on matching contributions, any matching contributions made under the plan shall be treated first as attributable to the elective deferrals of the participant other than contributions to a pension-linked emergency savings account.

“(C) MATCHING CONTRIBUTIONS.—For purposes of subparagraph (A), the term ‘matching contribution’ has the meaning given such term in section 401(m)(4) of the Internal Revenue Code of 1986.

“(e) ACCOUNT BALANCE AFTER TERMINATION.—Upon termination of employment of the participant, or termination by the plan sponsor of the pension-linked emergency savings account, the pension-linked emergency savings account of such participant in an individual account plan shall—

“(f) ANTI-ABUSE RULES.—

“(1) IN GENERAL.—A plan of which a pension-linked emergency savings account is part—

“(B) shall not be required to suspend matching contributions following any participant withdrawal of contributions, including elective deferrals and employee contributions, whether or not matched and whether or not made pursuant to an automatic contribution arrangement

described in section 402A(e)(4) of the Internal Revenue Code of 1986.

“(2) REGULATIONS OR OTHER GUIDANCE.—The Secretary of the Treasury, in consultation with the Secretary of Labor, shall issue regulations or other guidance not later than 12 months after the date of the enactment of the SECURE 2.0 Act of 2022 with respect to the anti-abuse rules described in paragraph (1).

The Secretary may promulgate regulations to establish minimum standards that such an arrangement would be required to satisfy in order for this subsection to apply with respect to such an account.

“SEC. 803. REPORTING AND DISCLOSURE REQUIREMENTS.

“The Secretary shall—

“(1) prescribe such regulations as may be necessary to address reporting and disclosure requirements for pension-linked emergency savings accounts; and

“(2) seek to prevent unnecessary reporting and disclosure for such accounts under this Act, including for purposes of any reporting or disclosure related to pension plans required by this title or under the Internal Revenue Code of 1986.

Reg. section 1.408-8 to increase the dollar limitation on premiums for qualifying longevity annuity contracts from \$125,000 to \$200,000, and to make such corresponding changes to the regulations and related forms as are necessary to reflect this increase in the dollar limitation.

(B) **ADJUSTMENTS FOR INFLATION.**—The Secretary (or delegate) shall amend Q&A-17(d)(2)(i) of Treas. Reg. section 1.401(a)(9)-6 to provide that, in the case of calendar years beginning on or after January 1 of the second year following the year of enactment of this Act, the \$200,000 dollar limitation (as increased by subparagraph (A)) will be adjusted at the same time and in the same manner as the limits are adjusted under section 415(d) of the Internal Revenue Code of 1986, except that the base period shall be the calendar quarter beginning July 1 of the year of enactment of this Act, and any increase to such dollar limitation which is not a multiple of \$10,000 will be rounded to the next lowest multiple of \$10,000.

(3) **FACILITATE JOINT AND SURVIVOR BENEFITS.**—The Secretary (or delegate) shall amend Q&A-17(c) of Treas. Reg. section 1.401(a)(9)-6, and make such corresponding changes to the regulations and related forms as are necessary, to provide that, in the case of a qualifying longevity annuity contract which was purchased with joint and survivor annuity benefits for the individual and the individual's spouse which were permissible under the regulations at the time the contract

was originally purchased, a divorce occurring after the original purchase and before the annuity payments commence under the contract will not affect the permissibility of the joint and survivor annuity benefits or other benefits under the contract, or require any adjustment to the amount or duration of benefits payable under the contract, provided that any qualified domestic relations order (within the meaning of section 414(p) of the Internal Revenue Code of 1986) or, in the case of an arrangement not subject to section 414(p) of such Code or section 206(d) of the Employee Retirement Income Security Act of 1974, any divorce or separation instrument (as defined in subsection (b))—

(A) provides that the former spouse is entitled to the survivor benefits under the contract;

(B) provides that the former spouse is treated as a surviving spouse for purposes of the contract;

(C) does not modify the treatment of the former spouse as the beneficiary under the contract who is entitled to the survivor benefits; or

(D) does not modify the treatment of the former spouse as the measuring life for the survivor benefits under the contract.

(4) PERMIT SHORT FREE LOOK PERIOD.—The Secretary (or delegate) shall amend Q&A-17(a)(4) of Treas. Reg. section 1.401(a)(9)-6 to ensure that such Q&A does not preclude a contract from including a provision under which an employee may rescind the purchase of the contract within a period not exceeding 90 days from the date of purchase.

(b) DIVORCE OR SEPARATION INSTRUMENT.—For purposes of subsection (a)(3), the term “divorce or separation instrument” means—

(1) a decree of divorce or separate maintenance or a written instrument incident to such a decree;

(2) a written separation agreement; or

(3) a decree (not described in paragraph (1)) requiring a spouse to make payments for the support or maintenance of the other spouse.

(c) EFFECTIVE DATES, ENFORCEMENT, AND INTERPRETATIONS.—

(1) EFFECTIVE DATES.—

(A) Paragraphs (1) and (2) of subsection (a) shall be effective with respect to contracts purchased or received in an exchange on or after the date of the enactment of this Act.

(B) Paragraphs (3) and (4) of subsection (a) shall be effective with respect to contracts purchased or received in an exchange on or after July 2, 2014.

(2) ENFORCEMENT AND INTERPRETATIONS.—Prior to the date on which the Secretary of the Treasury issues final regulations pursuant to subsection (a)—

(A) the Secretary (or delegate) shall administer and enforce the law in accordance with subsection (a) and the effective dates in paragraph (1) of this subsection; and

(B) taxpayers may rely upon their reasonable good faith interpretations of subsection (a).

(d) REGULATORY SUCCESSOR PROVISION.—Any reference to a regulation under this section shall be treated as including a reference to any successor regulation thereto.

SEC. 203. INSURANCE-DEDICATED EXCHANGE-TRADED FUNDS.

(a) **IN GENERAL.**—Not later than the date which is 7 years after the date of the enactment of this Act, the Secretary of the Treasury (or the Secretary's delegate) shall amend the regulation issued by the Department of the Treasury relating to "Income Tax; Diversification Requirements for Variable Annuity, Endowment, and Life Insurance Contracts", 54 Fed. Reg. 8728 (March 2, 1989), and make any necessary corresponding amendments to other regulations, in order to facilitate the use of exchange-traded funds as investment options under variable contracts within the meaning of section 817(d) of the Internal Revenue Code of 1986, in accordance with subsections (b) and (c) of this section.

(b) **DESIGNATE CERTAIN AUTHORIZED PARTICIPANTS AND MARKET MAKERS AS ELIGIBLE INVESTORS.**—The Secretary of the Treasury (or the Secretary's delegate) shall amend Treas. Reg. section 1.817-5(f)(3) to provide that satisfaction of the requirements in Treas. Reg. section 1.817-5(f)(2)(i) with respect to an exchange-traded fund shall not be prevented by reason of beneficial interests in such a fund being held by 1 or more authorized participants or market makers.

(c) **DEFINE RELEVANT TERMS.**—In amending Treas. Reg. section 1.817-5(f)(3) in accordance with subsection (b), the Secretary of the Treasury (or the Secretary's delegate) shall provide definitions consistent with the following:

(1) **EXCHANGE-TRADED FUND.**—The term "exchange-traded fund" means a regulated investment company, partnership, or trust—

(A) that is registered with the Securities and Exchange Commission as an open-end investment company or a unit investment trust;

(B) the shares of which can be purchased or redeemed directly from the fund only by an authorized participant; and

(C) the shares of which are traded throughout the day on a national stock exchange at market prices that may or may not be the same as the net asset value of the shares.

(2) **AUTHORIZED PARTICIPANT.**—The term "authorized participant" means a financial institution that is a member or participant of a clearing agency registered under section 17A(b) of the Securities Exchange Act of 1934 that enters into a contractual relationship with an exchange-traded fund pursuant to which the financial institution is permitted to purchase and redeem shares directly from the fund and to sell such shares to third parties, but only if the contractual arrangement or applicable law precludes the financial institution from—

(A) purchasing the shares for its own investment purposes rather than for the exclusive purpose of creating and redeeming such shares on behalf of third parties; and

(B) selling the shares to third parties who are not market makers or otherwise described in Treas. Reg. section 1.817-5(f)(1) and (3).

(3) **MARKET MAKER.**—The term "market maker" means a financial institution that is a registered broker or dealer under section 15(b) of the Securities Exchange Act of 1934 that maintains liquidity for an exchange-traded fund on a national stock

exchange by being always ready to buy and sell shares of such fund on the market, but only if the financial institution is contractually or legally precluded from selling or buying such shares to or from persons who are not authorized participants or otherwise described in Treas. Reg. section 1.817-5(f)(2) and (3).

(d) EFFECTIVE DATE.—This section shall apply to segregated asset account investments made on or after the date which is 7 years after the date of the enactment of this Act.

SEC. 204. ELIMINATING A PENALTY ON PARTIAL ANNUITIZATION.

(a) ELIMINATING A PENALTY ON PARTIAL ANNUITIZATION.—The Secretary of the Treasury (or the Secretary's delegate) shall amend the regulations under section 401(a)(9) of the Internal Revenue Code of 1986 to provide that if an employee's benefit is in the form of an individual account under a defined contribution plan, the plan may allow the employee to elect to have the amount required to be distributed from such account under such section for a year to be calculated as the excess of the total required amount for such year over the annuity amount for such year.

(b) DEFINITIONS.—For purposes of this section—

(1) TOTAL REQUIRED AMOUNT.—The term "total required amount", with respect to a year, means the amount which would be required to be distributed under Treas. Reg. section 1.401(a)(9)-5 (or any successor regulation) for the year, determined by treating the account balance as of the last valuation date in the immediately preceding calendar year as including the value on that date of all annuity contracts which were purchased with a portion of the account and from which payments are made in accordance with Treas. Reg. section 1.401(a)(9)-6.

(2) ANNUITY AMOUNT.—The term "annuity amount", with respect to a year, is the total amount distributed in the year from all annuity contracts described in paragraph (1).

(c) CONFORMING REGULATORY AMENDMENTS.—The Secretary of the Treasury (or the Secretary's delegate) shall amend the regulations under sections 403(b)(10), 408(a)(6), 408(b)(3), and 457(d)(2) of the Internal Revenue Code of 1986 to conform to the amendments described in subsection (a). Such conforming amendments shall treat all individual retirement plans (as defined in section 7701(a)(37) of such Code) which an individual holds as the owner, or which an individual holds as a beneficiary of the same decedent, as one such plan for purposes of the amendments described in subsection (a). Such conforming amendments shall also treat all contracts described in section 403(b) of such Code which an individual holds as an employee, or which an individual holds as a beneficiary of the same decedent, as one such contract for such purposes.

(d) EFFECTIVE DATE.—The modifications and amendments required under subsections (a) and (c) shall be deemed to have been made as of the date of the enactment of this Act, and as of such date—

(1) all applicable laws shall be applied in all respects as though the actions which the Secretary of the Treasury (or the Secretary's delegate) is required to take under such subsections had been taken, and

(2) until such time as such actions are taken, taxpayers may rely upon their reasonable good faith interpretations of this section.

TITLE III—SIMPLIFICATION AND CLARIFICATION OF RETIREMENT PLAN RULES

SEC. 301. RECOVERY OF RETIREMENT PLAN OVERPAYMENTS.

(a) OVERPAYMENTS UNDER ERISA.—Section 206 of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1056) is amended by adding at the end the following new subsection:

“(h) SPECIAL RULES APPLICABLE TO BENEFIT OVERPAYMENTS.—

“(1) GENERAL RULE.—In the case of an inadvertent benefit overpayment by any pension plan, the responsible plan fiduciary shall not be considered to have failed to comply with the requirements of this title merely because such fiduciary determines, in the exercise of its discretion, not to seek recovery of all or part of such overpayment from—

“(A) any participant or beneficiary,

“(B) any plan sponsor of, or contributing employer to—

“(i) an individual account plan, provided that the amount needed to prevent or restore any impermissible forfeiture from any participant’s or beneficiary’s account arising in connection with the overpayment is, separately from and independently of the overpayment, allocated to such account pursuant to the non-forfeitability requirements of section 203 (for example, out of the plan’s forfeiture account, additional employer contributions, or recoveries from those responsible for the overpayment), or

“(ii) a defined benefit pension plan subject to the funding rules in part 3 of this subtitle B, unless the responsible plan fiduciary determines, in the exercise of its fiduciary discretion, that failure to recover all or part of the overpayment faster than required under such funding rules would materially affect the plan’s ability to pay benefits due to other participants and beneficiaries, or

“(C) any fiduciary of the plan, other than a fiduciary (including a plan sponsor or contributing employer acting in a fiduciary capacity) whose breach of its fiduciary duties resulted in such overpayment, provided that if the plan has established prudent procedures to prevent and minimize overpayment of benefits and the relevant plan fiduciaries have followed such procedures, an inadvertent benefit overpayment will not give rise to a breach of fiduciary duty.

“(2) REDUCTION IN FUTURE BENEFIT PAYMENTS AND RECOVERY FROM RESPONSIBLE PARTY.—Paragraph (1) shall not fail to apply with respect to any inadvertent benefit overpayment merely because, after discovering such overpayment, the responsible plan fiduciary—

“(A) reduces future benefit payments to the correct amount provided for under the terms of the plan, or

“(B) seeks recovery from the person or persons responsible for the overpayment.

“(3) EMPLOYER FUNDING OBLIGATIONS.—Nothing in this subsection shall relieve an employer of any obligation imposed on it to make contributions to a plan to meet the minimum funding standards under part 3 of this subtitle B or to prevent or restore an impermissible forfeiture in accordance with section 203.

“(4) RECOUPMENT FROM PARTICIPANTS AND BENEFICIARIES.—If the responsible plan fiduciary, in the exercise of its fiduciary discretion, decides to seek recoupment from a participant or beneficiary of all or part of an inadvertent benefit overpayment made by the plan to such participant or beneficiary, it may do so, subject to the following conditions:

“(A) No interest or other additional amounts (such as collection costs or fees) are sought on overpaid amounts for any period.

“(B) If the plan seeks to recoup past overpayments of a non-decreasing annuity by reducing future benefit payments—

“(i) the reduction ceases after the plan has recovered the full dollar amount of the overpayment,

“(ii) the amount recouped each calendar year does not exceed 10 percent of the full dollar amount of the overpayment, and

“(iii) future benefit payments are not reduced to below 90 percent of the periodic amount otherwise payable under the terms of the plan.

Alternatively, if the plan seeks to recoup past overpayments of a non-decreasing annuity through one or more installment payments, the sum of such installment payments in any calendar year does not exceed the sum of the reductions that would be permitted in such year under the preceding sentence.

“(C) If the plan seeks to recoup past overpayments of a benefit other than a non-decreasing annuity, the plan satisfies requirements developed by the Secretary of Labor for purposes of this subparagraph.

“(D) Efforts to recoup overpayments are—

“(i) not accompanied by threats of litigation, unless the responsible plan fiduciary makes a determination that there is a reasonable likelihood of success to recover an amount greater than the cost of recovery, and

“(ii) not made through a collection agency or similar third party, unless the participant or beneficiary ignores or rejects efforts to recoup the overpayment following either a final judgment in Federal or State court or a settlement between the participant or beneficiary and the plan, in either case authorizing such recoupment.

“(E) Recoupment of past overpayments to a participant is not sought from any beneficiary of the participant, including a spouse, surviving spouse, former spouse, or other beneficiary.

“(F) Recoupment may not be sought if the first overpayment occurred more than 3 years before the participant

or beneficiary is first notified in writing of the error, except in the case of fraud or misrepresentation by the participant.

“(G) A participant or beneficiary from whom recoupment is sought is entitled to contest all or part of the recoupment pursuant to the claims procedures of the plan that made the overpayment to the extent such procedures are consistent with section 503 of this title and in the case of an inadvertent benefit overpayment from a plan to which paragraph (1) applies that is transferred to an eligible retirement plan (as defined in section 402(c)(8)(B) of the Internal Revenue Code of 1986) by or on behalf of a participant or beneficiary—

“(i) such plan shall notify the plan receiving the rollover of such dispute,

“(ii) the plan receiving the rollover shall retain such overpayment on behalf of the participant or beneficiary (and shall be entitled to treat such overpayment as plan assets) pending the outcome of such procedures, and

“(iii) the portion of such overpayment with respect to which recoupment is sought on behalf of the plan shall be permitted to be returned to such plan if it is determined to be an overpayment (and the plans making and receiving such transfer shall be treated as permitting such transfer).

“(H) In determining the amount of recoupment to seek, the responsible plan fiduciary may take into account the hardship that recoupment likely would impose on the participant or beneficiary.

“(5) EFFECT OF CULPABILITY.—Subparagraphs (A) through (F) of paragraph (4) shall not apply to protect a participant or beneficiary who is culpable. For purposes of this paragraph, a participant or beneficiary is culpable if the individual bears responsibility for the overpayment (such as through misrepresentations or omissions that led to the overpayment), or if the individual knew that the benefit payment or payments were materially in excess of the correct amount. Notwithstanding the preceding sentence, an individual is not culpable merely because the individual believed the benefit payment or payments were or might be in excess of the correct amount, if the individual raised that question with an authorized plan representative and was told the payment or payments were not in excess of the correct amount.”.

(b) OVERPAYMENTS UNDER INTERNAL REVENUE CODE OF 1986.—

(1) QUALIFICATION REQUIREMENTS.—Section 414 is amended by adding at the end the following new subsection:

“(aa) SPECIAL RULES APPLICABLE TO BENEFIT OVERPAYMENTS.—

“(1) IN GENERAL.—A plan shall not fail to be treated as described in clause (i), (ii), (iii), or (iv) of section 219(g)(5)(A) (and shall not fail to be treated as satisfying the requirements of section 401(a) or 403) merely because—

“(A) the plan fails to obtain payment from any participant, beneficiary, employer, plan sponsor, fiduciary, or other party on account of any inadvertent benefit overpayment made by the plan, or

“(B) the plan sponsor amends the plan to increase past, or decrease future, benefit payments to affected

participants and beneficiaries in order to adjust for prior inadvertent benefit overpayments.

“(2) REDUCTION IN FUTURE BENEFIT PAYMENTS AND RECOVERY FROM RESPONSIBLE PARTY.—Paragraph (1) shall not fail to apply to a plan merely because, after discovering a benefit overpayment, such plan—

“(A) reduces future benefit payments to the correct amount provided for under the terms of the plan, or

“(B) seeks recovery from the person or persons responsible for such overpayment.

“(3) EMPLOYER FUNDING OBLIGATIONS.—Nothing in this subsection shall relieve an employer of any obligation imposed on it to make contributions to a plan to meet the minimum funding standards under sections 412 and 430 or to prevent or restore an impermissible forfeiture in accordance with section 411.

“(4) OBSERVANCE OF BENEFIT LIMITATIONS.—Notwithstanding paragraph (1), a plan to which paragraph (1) applies shall observe any limitations imposed on it by section 401(a)(17) or 415. The plan may enforce such limitations using any method approved by the Secretary for recouping benefits previously paid or allocations previously made in excess of such limitations.

“(5) COORDINATION WITH OTHER QUALIFICATION REQUIREMENTS.—The Secretary may issue regulations or other guidance of general applicability specifying how benefit overpayments and their recoupment or non-recoupment from a participant or beneficiary shall be taken into account for purposes of satisfying any requirement applicable to a plan to which paragraph (1) applies.”.

(2) ROLLOVERS.—Section 402(c) is amended by adding at the end the following new paragraph:

“(12) In the case of an inadvertent benefit overpayment from a plan to which section 414(aa)(1) applies that is transferred to an eligible retirement plan by or on behalf of a participant or beneficiary—

“(A) the portion of such overpayment with respect to which recoupment is not sought on behalf of the plan shall be treated as having been paid in an eligible rollover distribution if the payment would have been an eligible rollover distribution but for being an overpayment, and

“(B) the portion of such overpayment with respect to which recoupment is sought on behalf of the plan shall be permitted to be returned to such plan and in such case shall be treated as an eligible rollover distribution transferred to such plan by the participant or beneficiary who received such overpayment (and the plans making and receiving such transfer shall be treated as permitting such transfer).”.

(c) EFFECTIVE DATE.—The amendments made by this section shall apply as of the date of the enactment of this Act.

(d) CERTAIN ACTIONS BEFORE DATE OF ENACTMENT.—Plans, fiduciaries, employers, and plan sponsors are entitled to rely on—

(1) a reasonable good faith interpretation of then existing administrative guidance for inadvertent benefit overpayment recoupments and recoveries that commenced before the date of enactment of this Act, and

(2) determinations made before the date of enactment of this Act by the responsible plan fiduciary, in the exercise of its fiduciary discretion, not to seek recoupment or recovery of all or part of an inadvertent benefit overpayment. In the case of a benefit overpayment that occurred prior to the date of enactment of this Act, any installment payments by the participant or beneficiary to the plan or any reduction in periodic benefit payments to the participant or beneficiary, which were made in recoupment of such overpayment and which commenced prior to such date, may continue after such date. Nothing in this subsection shall relieve a fiduciary from responsibility for an overpayment that resulted from a breach of its fiduciary duties.

SEC. 302. REDUCTION IN EXCISE TAX ON CERTAIN ACCUMULATIONS IN QUALIFIED RETIREMENT PLANS.

(a) **IN GENERAL.**—Section 4974(a) is amended by striking “50 percent” and inserting “25 percent”.

(b) **REDUCTION IN EXCISE TAX ON FAILURES TO TAKE REQUIRED MINIMUM DISTRIBUTIONS.**—Section 4974 is amended by adding at the end the following new subsection:

“(e) **REDUCTION OF TAX IN CERTAIN CASES.**—

“(1) **REDUCTION.**—In the case of a taxpayer who—

“(A) receives a distribution, during the correction window, of the amount which resulted in imposition of a tax under subsection (a) from the same plan to which such tax relates, and

“(B) submits a return, during the correction window, reflecting such tax (as modified by this subsection), the first sentence of subsection (a) shall be applied by substituting ‘10 percent’ for ‘25 percent’.

“(2) **CORRECTION WINDOW.**—For purposes of this subsection, the term ‘correction window’ means the period of time beginning on the date on which the tax under subsection (a) is imposed with respect to a shortfall of distributions from a plan described in subsection (a), and ending on the earliest of—

“(A) the date of mailing a notice of deficiency with respect to the tax imposed by subsection (a) under section 6212,

“(B) the date on which the tax imposed by subsection (a) is assessed, or

“(C) the last day of the second taxable year that begins after the end of the taxable year in which the tax under subsection (a) is imposed.”.

(c) **EFFECTIVE DATE.**—The amendments made by this section shall apply to taxable years beginning after the date of the enactment of this Act.

SEC. 303. RETIREMENT SAVINGS LOST AND FOUND.

(a) **IN GENERAL.**—Part 5 of subtitle B of title I of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1131 et seq.) is amended by adding at the end the following:

“SEC. 523. RETIREMENT SAVINGS LOST AND FOUND.

“(B) allow the Secretary to assist such an individual in locating any such plan of the individual; and

“(c) SAFEGUARDING PARTICIPANT PRIVACY AND SECURITY.—In establishing the Retirement Savings Lost and Found under subsection (a), the Secretary, in consultation with the Secretary of the Treasury, shall take all necessary and proper precautions to—

“(2) the information described in subparagraphs (A) and (B) of section 6057(a)(2) of such Code;

“(3) the name and taxpayer identifying number of each participant or former participant in the plan—

“(A) who, during the current plan year or any previous plan year, was reported under section 6057(a)(2)(C) of such

Code, and with respect to whom the benefits described in clause (ii) thereof were fully paid during the plan year;

“(B) with respect to whom any amount was distributed under section 401(a)(31)(B) of such Code during the plan year; or

“(C) with respect to whom a deferred annuity contract was distributed during the plan year; and

SEC. 305. EXPANSION OF EMPLOYEE PLANS COMPLIANCE RESOLUTION SYSTEM.

(a) IN GENERAL.—Except as otherwise provided in the Internal Revenue Code of 1986, regulations, or other guidance of general applicability prescribed by the Secretary of the Treasury or the Secretary’s delegate (referred to in this section as the “Secretary”), any eligible inadvertent failure to comply with the rules applicable

under section 401(a), 403(a), 403(b), 408(p), or 408(k) of such Code may be self-corrected under the Employee Plans Compliance Resolution System (as described in Revenue Procedure 2021-30, or any successor guidance, and hereafter in this section referred to as the “EPCRS”), except to the extent that (1) such failure was identified by the Secretary prior to any actions which demonstrate a specific commitment to implement a self-correction with respect to such failure, or (2) the self-correction is not completed within a reasonable period after such failure is identified. For purposes of self-correction of an eligible inadvertent failure, the correction period under section 9.02 of Revenue Procedure 2021-30 (or any successor guidance), except as otherwise provided under such Code, regulations, or other guidance of general applicability prescribed by the Secretary, is indefinite and has no last day, other than with respect to failures identified by the Secretary prior to any actions which demonstrate a specific commitment to implement a self-correction with respect to such failure or with respect to a self-correction that is not completed within a reasonable period, as described in the preceding sentence.

(b) **LOAN ERRORS.**—In the case of an eligible inadvertent failure relating to a loan from a plan to a participant—

(1) such failure may be self-corrected under subsection (a) according to the rules of section 6.07 of Revenue Procedure 2021-30 (or any successor guidance), including the provisions related to whether a deemed distribution must be reported on Form 1099-R,

(2) the Secretary of Labor shall treat any such failure which is so self-corrected under subsection (a) as meeting the requirements of the Voluntary Fiduciary Correction Program of the Department of Labor if, with respect to the violation of the fiduciary standards of the Employee Retirement Income Security Act of 1974, there is a similar loan error eligible for correction under EPCRS and the loan error is corrected in such manner, and

(3) the Secretary of Labor may impose reporting or other procedural requirements with respect to parties that intend to rely on the Voluntary Fiduciary Correction Program for self-corrections described in paragraph (2).

(c) **EPCRS FOR IRAS.**—The Secretary shall expand the EPCRS to allow custodians of individual retirement plans (as defined in section 7701(a)(37) of the Internal Revenue Code of 1986) to address eligible inadvertent failures with respect to an individual retirement plan (as so defined), including (but not limited to)—

(1) waivers of the excise tax which would otherwise apply under section 4974 of the Internal Revenue Code of 1986, and

(2) rules permitting a nonspouse beneficiary to return distributions to an inherited individual retirement plan described in section 408(d)(3)(C) of the Internal Revenue Code of 1986 in a case where, due to an inadvertent error by a service provider, the beneficiary had reason to believe that the distribution could be rolled over without inclusion in income of any part of the distributed amount.

(d) **CORRECTION METHODS FOR ELIGIBLE INADVERTENT FAILURES.**—The Secretary shall issue guidance on correction methods that are required to be used to correct eligible inadvertent failures,

including general principles of correction if a specific correction method is not specified by the Secretary.

(e) **ELIGIBLE INADVERTENT FAILURE.**—For purposes of this section—

(1) **IN GENERAL.**—Except as provided in paragraph (2), the term “eligible inadvertent failure” means a failure that occurs despite the existence of practices and procedures which—

(A) satisfy the standards set forth in section 4.04 of Revenue Procedure 2021–30 (or any successor guidance), or

(B) satisfy similar standards in the case of an individual retirement plan.

(2) **EXCEPTION.**—The term “eligible inadvertent failure” shall not include any failure which is egregious, relates to the diversion or misuse of plan assets, or is directly or indirectly related to an abusive tax avoidance transaction.

(f) **APPLICATION OF CERTAIN REQUIREMENTS FOR CORRECTING ERRORS.**—This section shall not apply to any failure unless the correction of such failure under this section is made in conformity with the general principles that apply to corrections of such failures under the Internal Revenue Code of 1986, including regulations or other guidance issued thereunder and including those principles and corrections set forth in Revenue Procedure 2021–30 (or any successor guidance).

(g) **ISSUANCE OF GUIDANCE.**—The Secretary of the Treasury, or the Secretary’s delegate, shall revise Revenue Procedure 2021–30 (or any successor guidance) to take into account the provisions of this section not later than the date which is 2 years after the date of enactment of this Act.

SEC. 306. ELIMINATE THE “FIRST DAY OF THE MONTH” REQUIREMENT FOR GOVERNMENTAL SECTION 457(b) PLANS.

Subtitle D—Improvement of Rural Health and Telehealth

SEC. 151. ESTABLISHMENT OF STRATEGIC PLAN REQUIREMENT FOR OFFICE OF CONNECTED CARE OF DEPARTMENT OF VETERANS AFFAIRS.

(a) FINDINGS.—Congress makes the following findings:

(1) The COVID–19 pandemic caused the Department of Veterans Affairs to exponentially increase telehealth and virtual care modalities, including VA Video Connect, to deliver health care services to veteran patients.

(2) Between January 2020 and January 2021, the number of telehealth appointments offered by the Department increased by 1,831 percent.

(3) The Department maintains strategic partnerships, such as the Digital Divide Consult, with a goal of ensuring veterans who reside in rural, highly rural, or medically underserved areas have access to high-quality telehealth services offered by the Department.

(4) As of 2019, veterans who reside in rural and highly rural areas make up approximately $\frac{1}{3}$ of veteran enrollees in the patient enrollment system, and are on average, older than their veteran peers in urban areas, experience higher degrees of financial instability, and live with a greater number of complex health needs and comorbidities.

(5) The Federal Communications Commission estimated in 2020 that 15 percent of veteran households do not have an internet connection.

(6) Under the Coronavirus Aid, Relief, and Economic Security Act (Public Law 116–136), Congress granted the Department additional authority to enter into short-term agreements or contracts with private sector telecommunications companies to provide certain broadband services for the purposes of providing expanded mental health services to isolated veterans through telehealth or VA Video Connect during a public health emergency.

(9) Questions regarding the efficacy of using telehealth for certain health care services and specialties remain, and should be further studied.

(10) The Department continues to expand telehealth and virtual care offerings for primary care, mental health care, specialty care, urgent care, and even remote intensive care units.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the telehealth services offered by the Department of Veterans Affairs should be routinely measured and evaluated to ensure the telehealth technologies and modalities delivered to veteran patients to treat a wide variety of health conditions are as effective as in-person treatment for primary care, mental health care, and other forms of specialty care.

(E) An outline of all current partnerships maintained by the Department to bolster telehealth or virtual care services for veterans.

(F) An assessment of the barriers faced by the Department in delivering telehealth or virtual care services to veterans residing in rural and highly rural areas, and the strategies the Department is deploying beyond purchasing hardware for veterans who are enrolled in the patient enrollment system.

(G) A detailed plan illustrating how the Department is working with other Federal agencies, including the Department of Health and Human Services, the Department of Agriculture, the Federal Communications Commission, and the National Telecommunications and Information Administration, to enhance connectivity in rural, highly rural, and medically underserved areas to better reach all veterans.

(1) The results of such analysis.

(2) An assessment of the number of veterans who are enrolled in the patient enrollment system and reside in the Republic of the Philippines.

(3) An assessment of the number of veterans residing in the Republic of the Philippines with a disability rating from the Department of not less than 70 percent.

(4) An assessment of the number of veterans who are enrolled in the patient enrollment system and reside in the Republic of the Philippines that have a caregiver to provide them personal care services described in section 1720G(a)(C) of title 38, United States Code.

(5) An assessment of the staffing needs and associated costs of making assistance and support available to caregivers of veterans in the Republic of the Philippines.

(6) An assessment of the infrastructure needs and associated costs of making assistance and support available to caregivers of veterans in the Republic of the Philippines.

(7) An assessment of the local transportation challenges to making assistance and support available to caregivers of veterans in the Republic of the Philippines.

(8) An assessment of how the Secretary would determine payment rates for caregivers of veterans in the Republic of the Philippines to account for variances in living standards in the Republic of the Philippines.

(9) Such other elements as the Secretary considers appropriate.

(a) FINDINGS.—Congress makes the following findings:

(1) A systematic review in 2019 of the economics and quality of life relating to treatment-resistant depression summarized that major depressive disorder (in this subsection referred to as “MDD”) is a global public health concern and that treatment-resistant depression in particular represents a key unmet need. The findings of that review highlighted the need for improved therapies for treatment-resistant depression to reduce disease burden, lower medical costs, and improve the quality of life of patients.

(2) The Clinical Practice Guideline for the Management of MDD (in this subsection referred to as the “CPG”) developed jointly by the Department of Veterans Affairs and the Department of Defense defines treatment-resistant depression as at least two adequate treatment trials and lack of full response to each.

(4) The CPG recommends offering repetitive transcranial magnetic stimulation (in this subsection referred to as “rTMS”), an intervention that is indicated by the Food and Drug Administration, for treatment during a major depressive episode in patients with treatment-resistant MDD.

(5) The final report of the Creating Options for Veterans' Expedited Recovery Commission (commonly referred to as the “COVER Commission”) established under section 931 of the Jason Simcakoski Memorial and Promise Act (title IX of Public

Law 114–198; 38 U.S.C. 1701 note) found that treatment-resistant depression is a major issue throughout the mental health treatment system, and that an estimated 50 percent of depressed patients are inadequately treated by available interventions.

(6) The COVER Commission also reported data collected from the Department of Veterans Affairs that found that only approximately 1,166 patients throughout the Department were referred for ECT in 2018 and only approximately 772 patients were referred for rTMS during that year.

(b) ANALYSIS.—Not later than 180 days after the date of the enactment of this Act, the Secretary of Veterans Affairs shall complete an analysis of the feasibility and advisability of making repetitive transcranial magnetic stimulation available at all medical facilities of the Department of Veterans Affairs and electro-convulsive therapy available at one medical center located within each Veterans Integrated Service Network for the treatment of veterans who are enrolled in the patient enrollment system and have a diagnosis of treatment-resistant depression.

DIVISION Z—COVS ACT

SEC. 101. SHORT TITLE.

This division may be cited as the “Computers for Veterans and Students Act of 2022” or the “COVS Act”.

SEC. 102. FINDINGS.

Congress finds the following:

(1) Access to computers and computer technology is indispensable for success in the 21st century. Millions of Americans do not regularly use a computer and research shows that substantial disparities remain in both internet use and the quality of access, with the digital divide concentrated among older, less educated, less affluent populations, especially veterans, low-income students, and senior citizens.

(2) The COVID-19 pandemic has highlighted the gap between those with computer access and those without. Millions of students, their families, and workers from across the economy were unable to do schoolwork, work remotely from home, or connect to loved ones and their communities because of the digital divide.

(3) Any Federal program that distributes surplus, repairable Federal computers or technology equipment would benefit

from a partnership with a nonprofit organization whose mission is bridging the digital divide.

TITLE II—MASIH ALINEJAD HUNT ACT OF 2022

SEC. 201. SHORT TITLE.

This title may be cited as the “Masih Alinejad Harassment and Unlawful Targeting Act of 2022” or the “Masih Alinejad HUNT Act of 2022”.

SEC. 202. FINDINGS.

Congress finds that the Government of the Islamic Republic of Iran surveils, harasses, terrorizes, tortures, abducts, and murders individuals who peacefully defend human rights and freedoms in Iran, and innocent entities and individuals considered by the Government of Iran to be enemies of that regime, including United States citizens on United States soil, and takes foreign nationals hostage, including in the following instances:

(1) In 2021, Iranian intelligence agents were indicted for plotting to kidnap United States citizen, women's rights activist, and journalist Masih Alinejad, from her home in New York City, in retaliation for exercising her rights under the First Amendment to the Constitution of the United States. Iranian agents allegedly spent at least approximately half a million dollars to capture the outspoken critic of the authoritarianism of the Government of Iran, and studied evacuating her by military-style speedboats to Venezuela before rendition to Iran.

(2) Prior to the New York kidnapping plot, Ms. Alinejad's family in Iran was instructed by authorities to lure Ms. Alinejad to Turkey. In an attempt to intimidate her into silence, the Government of Iran arrested 3 of Ms. Alinejad's family members in 2019, and sentenced her brother to 8 years in prison for refusing to denounce her.

(3) According to Federal prosecutors, the same Iranian intelligence network that allegedly plotted to kidnap Ms. Alinejad is also targeting critics of the Government of Iran who live in Canada, the United Kingdom, and the United Arab Emirates.

(4) In 2021, an Iranian diplomat was convicted in Belgium of attempting to carry out a 2018 bombing of a dissident rally in France.

(5) In 2021, a Danish high court found a Norwegian citizen of Iranian descent guilty of illegal espionage and complicity in a failed plot to kill an Iranian Arab dissident figure in Denmark.

(6) In 2021, the British Broadcasting Corporation (BBC) appealed to the United Nations to protect BBC Persian employees in London who suffer regular harassment and threats of kidnapping by Iranian government agents.

(7) In 2021, 15 militants allegedly working on behalf of the Government of Iran were arrested in Ethiopia for plotting to attack citizens of Israel, the United States, and the United Arab Emirates, according to United States officials.

(8) In 2020, Iranian agents allegedly kidnapped United States resident and Iranian-German journalist Jamshid Sharmahd, while he was traveling to India through Dubai. Iranian authorities announced they had seized Mr. Sharmahd in "a complex operation", and paraded him blindfolded on state television. Mr. Sharmahd is arbitrarily detained in Iran, allegedly facing the death penalty. In 2009, Mr. Sharmahd was the target of an alleged Iran-directed assassination plot in Glendora, California.

(9) In 2020, the Government of Turkey released counterterrorism files exposing how Iranian authorities allegedly collaborated with drug gangs to kidnap Habib Chabi, an Iranian-Swedish activist for Iran's Arab minority. In 2020, the Government of Iran allegedly lured Mr. Chabi to Istanbul through

a female agent posing as a potential lover. Mr. Chabi was then allegedly kidnapped from Istanbul, and smuggled into Iran where he faces execution, following a sham trial.

(10) In 2020, a United States-Iranian citizen and an Iranian resident of California pleaded guilty to charges of acting as illegal agents of the Government of Iran by surveilling Jewish student facilities, including the Hillel Center and Rohr Chabad Center at the University of Chicago, in addition to surveilling and collecting identifying information about United States citizens and nationals who are critical of the Iranian regime.

(11) In 2019, 2 Iranian intelligence officers at the Iranian consulate in Turkey allegedly orchestrated the assassination of Iranian dissident journalist Masoud Molavi Vardanjani, who was shot while walking with a friend in Istanbul. Unbeknownst to Mr. Molavi, his “friend” was in fact an undercover Iranian agent and the leader of the killing squad, according to a Turkish police report.

(12) In 2019, around 1,500 people were allegedly killed amid a less than 2 week crackdown by security forces on anti-government protests across Iran, including at least an alleged 23 children and 400 women.

(13) In 2019, Iranian operatives allegedly lured Paris-based Iranian journalist Ruhollah Zam to Iraq, where he was abducted, and hanged in Iran for sedition.

(14) In 2019, a Kurdistan regional court convicted an Iranian female for trying to lure Voice of America reporter Ali Javanmardi to a hotel room in Irbil, as part of a foiled Iranian intelligence plot to kidnap and extradite Mr. Javanmardi, a critic of the Government of Iran.

(15) In 2019, Federal Bureau of Investigation agents visited the rural Connecticut home of Iran-born United States author and poet Roya Hakakian to warn her that she was the target of an assassination plot orchestrated by the Government of Iran.

(16) In 2019, the Government of the Netherlands accused the Government of Iran of directing the assassination of Iranian Arab activist Ahmad Mola Nissi, in The Hague, and the assassination of another opposition figure, Reza Kolahi Samadi, who was murdered near Amsterdam in 2015.

(17) In 2018, German security forces searched for 10 alleged spies who were working for Iran’s al-Quds Force to collect information on targets related to the local Jewish community, including kindergartens.

(18) In 2017, Germany convicted a Pakistani man for working as an Iranian agent to spy on targets including a former German lawmaker and a French-Israeli economics professor.

(19) In 2012, an Iranian American pleaded guilty to conspiring with members of the Iranian military to bomb a popular Washington, DC, restaurant with the aim of assassinating the ambassador of Saudi Arabia to the United States.

(20) In 1996, agents of the Government of Iran allegedly assassinated 5 Iranian dissident exiles across Turkey, Pakistan, and Baghdad, over a 5-month period that year.

(21) In 1992, the Foreign and Commonwealth Office of the United Kingdom expelled 2 Iranians employed at the Iranian Embassy in London and a third Iranian on a student

visa amid allegations they were plotting to kill Indian-born British American novelist Salman Rushdie, pursuant to the fatwa issued by then supreme leader of Iran, Ayatollah Ruhollah Khomeini.

(22) In 1992, 4 Iranian Kurdish dissidents were assassinated at a restaurant in Berlin, Germany, allegedly by Iranian agents.

(23) In 1992, singer, actor, poet, and gay Iranian dissident Fereydoun Farrokhzad was found dead with multiple stab wounds in his apartment in Germany. His death is allegedly the work of Iran-directed agents.

(24) In 1980, Ali Akbar Tabatabaei, a leading critic of Iran and then president of the Iran Freedom Foundation, was murdered in front of his Bethesda, Maryland, home by an assassin disguised as a postal courier. The Federal Bureau of Investigation had identified the “mailman” as Dawud Salahuddin, born David Theodore Belfield. Mr. Salahuddin was working as a security guard at an Iranian interest office in Washington, DC, when he claims he accepted the assignment and payment of \$5,000 from the Government of Iran to kill Mr. Tabatabaei.

(25) Other exiled Iranian dissidents alleged to have been victims of the Government of Iran’s murderous extraterritorial campaign include Shahriar Shafiq, Shapour Bakhtiar, and Gholam Ali Oveissi.

(26) Iranian Americans face an ongoing campaign of intimidation both in the virtual and physical world by agents and affiliates of the Government of Iran, which aims to stifle freedom of expression and eliminate the threat Iranian authorities believe democracy, justice, and gender equality pose to their rule.

**TITLE VII—BENJAMIN BERELL
FERENCZ CONGRESSIONAL GOLD
MEDAL**

SEC. 701. SHORT TITLE.

This title may be cited as the “Benjamin Berell Ferencz Congressional Gold Medal Act”.

SEC. 702. FINDINGS.

Congress finds the following:

(1) Benjamin “Ben” Berell Ferencz was born on March 11, 1920, in Transylvania, now modern-day Hungary.

(2) In 1920, Ben and his family fled anti-Semitic persecution and emigrated to the United States. Ben grew up in New York City, and, in 1940, was awarded a scholarship to Harvard Law School where he graduated with honors.

(3) After the onset of World War II, Ben enlisted in the United States Army in 1943, and joined an anti-aircraft artillery battalion preparing for the invasion of France. As an enlisted man under General Patton, he fought in most of the major campaigns in Europe.

(4) As Nazi atrocities were uncovered, Ben was transferred to a newly created War Crimes Branch of the Army to gather evidence of war crimes that could be used in a court of law to prosecute persons responsible for these crimes. Ben documented the horrors perpetrated by Nazi Germany, visiting concentration camps as they were liberated.

(5) At the end of 1945, Ben was honorably discharged from the United States Army with the rank of Sergeant of Infantry. He had been awarded five battle stars.

(6) In 1946, the United States Government recruited Ben to join the team working on the Nuremberg tribunals, a novel independent court established to try top-ranking Nazi officials for crimes perpetrated during the course of the war, including those crimes we now call the Holocaust. Mr. Ferencz was sent to Berlin to oversee a team of 50 researchers investigating official Nazi records, which provided overwhelming evidence to implicate German doctors, lawyers, judges, generals, industrialists, and others in genocide.

(7) By 1948, at age 27, Ben had secured enough evidence to prosecute 22 SS members of Nazi killing squads charged for the murder of over 1,000,000 Jewish, Roma, Soviet, and other men, women, and children in shooting massacres in occupied Soviet territory. He was appointed chief prosecutor in the Einsatzgruppen Trial, in what the Associated Press called “the biggest murder trial in history”. The court found 20 Nazi officials guilty of war crimes, crimes against humanity, and membership in a criminal organization for their roles in the murder of over a million people. An additional two defendants were found guilty for membership in a criminal organization.

(8) After the Nuremberg trials ended, Ben fought for compensation for victims and survivors of the Holocaust, the return of stolen assets, and other forms of restitution for those who had suffered at the hands of the Nazis.

(9) Since the 1970s, Ben has worked tirelessly to promote development of international mechanisms to outlaw and punish aggressive war and the crimes of genocide, crimes against humanity and war crimes. His efforts contributed to the establishment of the International Criminal Court and to the recognition of aggression as an international crime.

(10) Ben is a tireless advocate for international criminal justice and the conviction that the rule of law offers the world a sustainable path to stem conflict and reach peaceful conclusions to geopolitical disputes. His unwavering goal has been “to establish a legal precedent that would encourage a more humane and secure world in the future”.

(11) Ben, at age 102, is still active, giving speeches throughout the world about lessons learned during his extraordinary career. He is compelled by the imperative to “replace the rule of force with the rule of law”, promoting judicial mechanisms that can resolve conflict. He often tells young people to “never give up” because the fight for peace and justice is worth the long struggle ahead.

(4) TREATMENT OF STANDARD.—A consumer product safety standard promulgated under paragraph (1) shall be treated as a consumer product safety rule promulgated under section 9 of the Consumer Product Safety Act (15 U.S.C. 2058).

(d) ADOPTION OF VOLUNTARY STANDARD.—

(1) IN GENERAL.—If a voluntary standard exists that meets the requirements of paragraph (2), the Commission shall, not later than 90 days after the date on which such determination is made and in accordance with section 553 of title 5, United States Code, promulgate a final consumer product safety standard that adopts the applicable performance requirements of such voluntary standard related to protecting children from tip-over-related death or injury. A consumer product safety standard promulgated under this subsection shall be treated as a consumer product safety rule promulgated under section 9 of the Consumer Product Safety Act (15 U.S.C. 2058). (i) whether the petition meets the requirements for petitions set forth in section 1051.5 of title 16, Code of Federal Regulations, or any successor regulation implementing section 9(i) of the Consumer Product Safety Act (15 U.S.C. 2058(i)); and

(ii) whether the petition demonstrates that the test could reasonably meet the requirements of subsection (c)(2)(B), and if so, the Commission shall determine by recorded vote, within 60 days after the determination, whether to initiate rulemaking, in accordance with section 553 of title 5, United States Code, to revise a consumer product safety standard promulgated under this section to include the new or revised test.

TITLE II—DISCLOSURE OF SUBSIDIES BY FOREIGN ADVERSARIES

SEC. 201. FINDINGS AND PURPOSE.

(a) **FINDINGS.**—Congress finds the following:

(1) Foreign subsidies, which can take the form of direct subsidies, grants, loans (including below-market loans), loan guarantees, tax concessions, preferential government procurement policies, or government ownership or control, can distort the competitive process by enabling the subsidized firm to submit a bid higher than other firms in the market, or otherwise change the incentives of the firm in ways that undermine competition following an acquisition.

(2) Foreign subsidies are particularly problematic when granted by countries or entities that constitute a strategic or economic threat to United States interests.

(3) The Made in China 2025 plan, states that the Chinese Communist Party will “support enterprises to carry out mergers and acquisitions (M&A), equity investment, and venture capital overseas”.

(4) The 2020 report to Congress from the bipartisan U.S.-China Economic and Security Review Commission concluded that the Chinese Government subsidizes companies with a goal of their expanding into the United States and other countries, finding that “[t]his process assists Chinese national champions in surpassing and supplanting global market leaders”. The report warns that the risk is particularly acute when it comes to emerging technologies, where China seeks to “surpass and displace the United States altogether [and that] [f]ailure to appreciate the gravity of this challenge and defend U.S. competitiveness would be dire . . . [and] risks setting back U.S. economic and technological progress for decades”.

(5) In remarks before the Hudson Institute on December 8, 2020, FTC Commissioner Noah Phillips stated, “[O]ne area where antitrust needs to reckon with the strategic interests

of other nations is when we scrutinize mergers or conduct involving state-owned entities . . . companies that are controlled, to varying degrees, by the state . . . [and] often are a government tool for implementing industrial policies or to protect national security”.

(b) PURPOSE.—The purpose of this section is to require parties providing pre-merger notifications to include in the notification required under section 7A of the Clayton Act (15 U.S.C. 18a) information concerning subsidies they receive from countries or entities that are strategic or economic threats to the United States.

SEC. 202. MERGERS INVOLVING FOREIGN GOVERNMENT SUBSIDIES.

(a) DEFINITION.—In this section, the term “foreign entity of concern” has the meaning given the term in section 40207 of the Infrastructure Investment and Jobs Act (42 U.S.C. 18741(a)).

(b) ACCOUNTING FOR FOREIGN GOVERNMENT SUBSIDIES.—A person required to file a notification under section 7A of the Clayton Act (15 U.S.C. 18a) that received a subsidy from a foreign entity of concern shall include in such notification content regarding such subsidy.

(c) AUTHORITY OF ANTITRUST REGULATORS.—The Federal Trade Commission, with the concurrence of the Assistant Attorney General in charge of the Antitrust Division of the Department of Justice, and in consultation with the Chairperson of the Committee on Foreign Investment in the United States, the Secretary of Commerce, the Chair of the United States International Trade Commission, the United States Trade Representative, and the heads of other appropriate agencies, and by rule in accordance with section 553 of title 5, United States Code, shall require that the notification required under subsection (b) be in such form and contain such documentary material and information relevant to a proposed acquisition as is necessary and appropriate to enable the Federal Trade Commission and the Assistant Attorney General in charge of the Antitrust Division of the Department of Justice to determine whether such acquisition may, if consummated, violate the antitrust laws.

(d) EFFECTIVE DATE.—Subsection (b) shall take effect on the date on which the rule described in subsection (c) takes effect.

TITLE III—VENUE FOR STATE ANTITRUST ENFORCEMENT

SEC. 301. VENUE FOR STATE ANTITRUST ENFORCEMENT.

(1) A decision review time that would otherwise end on a Saturday, Sunday, or Federal holiday, will be extended to end on the next business day.

(2) All requests for new uses (food and/or nonfood) contained in any application for a new active ingredient or a first food use are covered by the base fee for that new active ingredient or first food use application and retain the same decision time review period as the new active ingredient or first food use application. The application must be received by the Agency in one package. The base fee for the category covers a maximum of five new products. Each application for an additional new product registration and new inert approval that is submitted in the new active ingredient application package or first food use application package is subject to the registration service fee for a new product or a new inert approval. All such associated applications that are submitted together will be subject to the new active ingredient or first food use decision review time. In the case of a new active ingredient application, until that new active ingredient is approved, any subsequent application for another new product containing the same active ingredient or an amendment to the proposed labeling will be deemed a new active ingredient application, subject to the registration service fee and decision review time for a new active ingredient. In the case of a first food use application, until that first food use is approved, any subsequent application for an additional new food use or uses will be subject to the registration service fee and decision review time for a first food use. Any information that (a) was neither requested nor required by the Agency, and (b) is submitted by the applicant at the applicant's initiative to support the application after completion of the preliminary technical screening, and (c) is not itself a covered registration application, must be assessed 25% of the full registration service fee for the new active ingredient or first food use application.

H. R. 2617—1563

(3) Where the action involves approval of a new or amended label, on or before the end date of the decision review time, the Agency shall provide to the applicant a draft accepted label, including any changes made by the Agency that differ from the applicant-submitted label and relevant supporting data reviewed by the Agency. The applicant will notify the Agency that the applicant either (a) agrees to all of the terms associated with the draft accepted label as amended by the Agency and requests that it be issued as the accepted final Agency-stamped label; or (b) does not agree to one or more of the terms of the draft accepted label as amended by the Agency and requests additional time to resolve the difference(s); or (c) withdraws the application without prejudice for subsequent resubmission, but forfeits the associated registration service fee. For cases described in (b), the applicant shall have up to 30 calendar days to reach agreement with the Agency on the final terms of the Agency-accepted label. If the applicant agrees to all of the terms of the accepted label as in (a), including upon resolution of differences in (b), the Agency shall provide an accepted final Agency-stamped label to the registrant within 2 business days following the registrant's written or electronic confirmation of agreement to the Agency.

(4) If the Administrator determines that endangered species analysis is required for this action, using guidance finalized according to section 33(c)(3)(B) for this specific type of action, the decision review time can be extended for endangered species assessment one time only for up to 50%, upon written notification to the applicant, prior to completion of the technical screening. To the extent practicable, any reason for renegotiation should be resolved during the same extension.

(4) Amendment applications to add the new use(s) to registered product labels are covered by the base fee for the new use(s). All items in the covered application must be submitted together in one package. Each application for an additional new product registration and new inert approval(s) that is submitted in the new use application package is subject to the registration service fee for a new product or a new inert approval. However, if a new use application only proposes to register the new use for a new product and there are no amendments in the application, then review of one new product application is covered by the new use fee. All such associated applications that are submitted together will be subject to the new use decision review time. Any application for a new product or an amendment to the proposed labeling (a) submitted subsequent to submission of the new use application and (b) prior to conclusion of its decision review time and (c) containing the same new uses, will be deemed a separate new-use application, subject to a separate registration service fee and new decision review time for a new use. If the new-use application includes non-food (indoor and/or outdoor), and food (outdoor and/or indoor) uses, the appropriate fee is due for each type of new use and the longest decision review time applies to all of the new uses requested in the application. Any information that (a) was neither requested nor required by the Agency, and (b) is submitted by the applicant at the applicant's initiative to support the application after completion of the preliminary technical screening, and (c) is not itself a covered registration application, must be assessed 25% of the full registration service fee for the new use application.

(5) If the Administrator determines that endangered species analysis is required for this action, using guidance finalized according to section 33(c)(3)(B) for this specific type of action, the decision review time can be extended for endangered species assessment one time only for up to 50%, upon written notification to the applicant, prior to completion of the technical screening. To the extent practicable, any reason for renegotiation should be resolved during the same extension.

(3) Where the action involves approval of a new or amended label, on or before the end date of the decision review time, the Agency shall provide to the applicant a draft accepted label, including any changes made by the Agency that differ from the applicant-submitted label and relevant supporting data reviewed by the Agency. The applicant will notify the Agency that the applicant either (a) agrees to all of the terms associated with the draft accepted label as amended by the Agency and requests that it be issued as the accepted final Agency-stamped label; or (b) does not agree to one or more of the terms of the draft accepted label as amended by the Agency and requests additional time to resolve the difference(s); or (c) withdraws the application without prejudice for subsequent resubmission, but forfeits the associated registration service fee. If the applicant agrees to all of the terms of the accepted label as in (a), including upon resolution of differences in (b), the Agency shall provide an accepted final Agency-stamped label to the registrant within 2 business days following the registrant's written or electronic confirmation of agreement to the Agency.

(4) For the purposes of classifying proposed registration actions into PRIA categories, “pest(s) requiring efficacy” are both invertebrate and vertebrate pests. Invertebrate public health pests (e.g., ticks, mosquitoes, cockroaches, flies, etc.), structural pests (e.g., termites, carpenter ants, and wood-boring beetles) and certain invasive invertebrate species (e.g., Asian Longhorned beetle, Emerald Ashborer) are listed in the product performance rule, subpart R of part 158 of title 40, Code of Federal Regulations. This list may be updated/refined as invasive pest needs arise. All other pests (e.g., vertebrates) are listed in the Pesticide Registration Notice 2002-1. To determine the number of pests for the PRIA categories, pest groups, subgroups, and pest specific claims as listed in part 158 of title 40, Code of Federal Regulations, should be counted as follows. If seeking a label claim against a general pest group (e.g., cockroaches, mosquitoes, termites, etc.), each group will count as 1. If seeking a claim against a pest subgroup (e.g., small biting flies, filth flies, etc.) or specific pests (e.g., smokybrown cockroach, house fly, etc.) without a general claim, then each subgroup or specific pest will count as 1.

(5) If the Administrator determines that endangered species analysis is required for this action, using guidance finalized according to section 33(c)(3)(B) for this specific type of action, the decision review time can be extended for endangered species assessment one time only for up to 50%, upon written notification to the applicant, prior to completion of the technical screening. To the extent practicable, any reason for renegotiation should be resolved during the same extension.

However, if a new use application only proposes to register the new use for a new product and there are no amendments in the application, then review of one new product application is covered by the new use fee. All such associated applications that are submitted together will be subject to the new use decision review time. Any application for a new product or an amendment to the proposed labeling (a) submitted subsequent to submission of the new use application and (b) prior to conclusion of its decision review time and (c) containing the same new uses, will be deemed a separate new-use application, subject to a separate registration service fee and new decision review time for a new use. If the new-use application includes non-food (indoor and/or outdoor), and food (outdoor and/or indoor) uses, the appropriate fee is due for each type of new use and the longest decision review time applies to all of the new uses requested in the application. Any information that (a) was neither requested nor required by the Agency, and (b) is submitted by the applicant at the applicant's initiative to support the application after completion of the preliminary technical screening, and (c) is not itself a covered registration application, must be assessed 25% of the full registration service fee for the new use application.

(1) A decision review time that would otherwise end on a Saturday, Sunday, or Federal holiday, will be extended to end on the next business day.

(2) An application for a new end-use product using a source of active ingredient that (a) is not yet registered but (b) has an application pending with the Agency for review, will be considered an application for a new product with an unregistered source of active ingredient.

H. R. 2617—1592

(3) Where the action involves approval of a new or amended label, on or before the end date of the decision review time, the Agency shall provide to the applicant a draft accepted label, including any changes made by the Agency that differ from the applicant-submitted label and relevant supporting data reviewed by the Agency. The applicant will notify the Agency that the applicant either (a) agrees to all of the terms associated with the draft accepted label as amended by the Agency and requests that it be issued as the accepted final Agency-stamped label; or (b) does not agree to one or more of the terms of the draft accepted label as amended by the Agency and requests additional time to resolve the difference(s); or (c) withdraws the application without prejudice for subsequent resubmission, but forfeits the associated registration service fee. For cases described in (b), the applicant shall have up to 30 calendar days to reach agreement with the Agency on the final terms of the Agency-accepted label. If the applicant agrees to all of the terms of the accepted label as in (a), including upon resolution of differences in (b), the Agency shall provide an accepted final Agency-stamped label to the registrant within 2 business days following the registrant's written or electronic confirmation of agreement to the Agency.

(4) (a) EPA-initiated amendments shall not be charged registration service fees. (b) Registrant-initiated fast-track amendments are to be completed within the timelines specified in section 3(c)(3)(B) and are not subject to registration service fees. (c) Registrant-initiated fast-track amendments handled by the Antimicrobials Division are to be completed within the timelines specified in section 3(h) and are not subject to registration service fees. (d) Registrant initiated amendments submitted by notification under Pesticide Registration (PR) Notices, such as PR Notice 98–10, continue under PR Notice timelines and are not subject to registration service fees. (e) Submissions with data and requiring data review are subject to registration service fees.

(5) The applicant must identify the substantially similar product if opting to use cite-all or the selective method to support acute toxicity data requirements.

(6) Once an application for an amendment or a new product with public health organisms has been submitted and classified into any of categories A460 through A465 or A470 through A475, additional organisms submitted for the same product before the first application is granted will result in combination and reclassification of both the original and subsequent submissions into the appropriate new category based on the sum of the number of organisms in both submissions. Submission of additional organisms would result in a new PRIA start date and may require additional fees to meet the fee of a new category.

(7) If the Administrator determines that endangered species analysis is required for this action, using guidance finalized according to section 33(c)(3)(B) for this specific type of action, the decision review time can be extended for endangered species assessment one time only for up to 50%, upon written notification to the applicant, prior to completion of the technical screening. To the extent practicable, any reason for renegotiation should be resolved during the same extension.

(1) A decision review time that would otherwise end on a Saturday, Sunday, or Federal holiday, will be extended to end on the next business day.

(2) All requests for new uses (food and/or nonfood) contained in any application for a new active ingredient or a first food use are covered by the base fee for that new active ingredient or first food use application and retain the same decision time review period as the new active ingredient or first food use application. The application must be received by the Agency in one package. The base fee for the category covers a maximum of five new products. Each application for an additional new product registration and new inert approval that is submitted in the new active ingredient application package or first food use application package is subject to the registration service fee for a new product or a new inert approval. All such associated applications that are submitted together will be subject to the new active ingredient or first food use decision review time. In the case of a new active ingredient application, until that new active ingredient is approved, any subsequent application for another new product containing the same active ingredient or an amendment to the proposed labeling will be deemed a new active ingredient application, subject to the registration service fee and decision review time for a new active ingredient. In the case of a first food use application, until that first food use is approved, any subsequent application for an additional new food use or uses will be subject to the registration service fee and decision review time for a first food use. Any information that (a) was neither requested nor required by the Agency, and (b) is submitted by the applicant at the applicant's initiative to support the application after completion of the preliminary technical screening, and (c) is not itself a covered registration application, must be assessed 25% of the full registration service fee for the new active ingredient or first food use application.

(1) A decision review time that would otherwise end on a Saturday, Sunday, or Federal holiday, will be extended to end on the next business day.

(2) All requests for new uses (food and/or nonfood) contained in any application for a new active ingredient or a first food use are covered by the base fee for that new active ingredient or first food use application and retain the same decision time review period as the new active ingredient or first food use application. The application must be received by the Agency in one package. The base fee for the category covers a maximum of five new products. Each application for an additional new product registration and new inert approval that is submitted in the new active ingredient application package or first food use application package is subject to the registration service fee for a new product or a new inert approval. All such associated applications that are submitted together will be subject to the new active ingredient or first food use decision review time. In the case of a new active ingredient application, until that new active ingredient is approved, any subsequent application for another new product containing the same active ingredient or an amendment to the proposed labeling will be deemed a new active ingredient application, subject to the registration service fee and decision review time for a new active ingredient. In the case of a first food use application, until that first food use is approved, any subsequent application for an additional new food use or uses will be subject to the registration service fee and decision review time for a first food use. (3) Amendment applications to add the new use(s) to registered product labels are covered by the base fee for the new use(s). All items in the covered application must be submitted together in one package. Each application for an additional new product registration and new inert approval(s) that is submitted in the new use application package is subject to the registration service fee for a new product or a new inert approval. However, if a new use application only proposes to register the new use for a new product and there are no amendments in the application, then review of one new product application is covered by the new use fee. All such associated applications that are submitted together will be subject to the new use decision review time. Any application for a new product or an amendment to the proposed labeling (a) submitted subsequent to submission of the new use application and (b) prior to conclusion of its decision review time and (c) containing the same new uses, will be deemed a separate new-use application, subject to a separate registration service fee and new decision review time for a new use. If the new-use application includes non-food (indoor and/or outdoor), and food (outdoor and/or indoor) uses, the appropriate fee is due for each type of new use and the longest decision review time applies to all of the new uses requested in the application. Any information that (a) was neither requested nor required by the Agency, and (b) is submitted by the applicant at the applicant's initiative to support the application after completion of the preliminary technical screen, and (c) is not itself a covered registration application, must be assessed 25% of the full registration service fee for the new use application.

(4) Where the action involves approval of a new or amended label, on or before the end date of the decision review time, the Agency shall provide to the applicant a draft accepted label, including any changes made by the Agency that differ from the applicant-submitted label and relevant supporting data reviewed by the Agency. (5) If the Administrator determines that endangered species analysis is required for this action, using guidance finalized according to section 33(c)(3)(B) for this specific type of action, the decision review time can be extended for endangered species assessment one time only for up to 50%, upon written notification to the applicant, prior to completion of the technical screening. (1) A decision review time that would otherwise end on a Saturday, Sunday, or Federal holiday, will be extended to end on the next business day.

(2) All requests for new uses (food and/or nonfood) contained in any application for a new active ingredient or a first food use are covered by the base fee for that new active ingredient or first food use application and retain the same decision time review period as the new active ingredient or first food use application. The application must be received by the Agency in one package. The base fee for the category covers a maximum of five new products. Each application for an additional new product registration and new inert approval that is submitted in the new active ingredient application package or first food use application package is subject to the registration service fee for a new product or a new inert approval. All such associated applications that are submitted together will be subject to the new active ingredient or first food use decision review time. In the case of a new active ingredient application, until that new active ingredient is approved, any subsequent application for another new product containing the same active ingredient or an amendment to the proposed labeling will be deemed a new active ingredient application, subject to the registration service fee and decision review time for a new active ingredient. In the case of a first food use application, until that first food use is approved, any subsequent application for an additional new food use or uses will be subject to the registration service fee and decision review time for a first food use. Any information that (a) was neither requested nor required by the Agency, and (b) is submitted by the applicant at the applicant's initiative to support the application after completion of the preliminary technical screening, and (c) is not itself a covered registration application, must be assessed 25% of the full registration service fee for the new active ingredient or first food use application.

(3) An application for a new end-use product using a source of active ingredient that (a) is not yet registered but (b) has an application pending with the Agency for review, will be considered an application for a new product with an unregistered source of active ingredient.

(4) (a) EPA-initiated amendments shall not be charged registration service fees. (b) Registrant-initiated fast-track amendments are to be completed within the timelines specified in section 3(c)(3)(B) and are not subject to registration service fees. (c) Registrant-initiated fast-track amendments handled by the Antimicrobials Division are to be completed within the timelines specified in section 3(h) and are not subject to registration service fees. (d) Registrant initiated amendments submitted by notification under Pesticide Registration (PR) Notices, such as PR Notice 98-10, continue under PR Notice timelines and are not subject to registration service fees. (e) Submissions with data and requiring data review are subject to registration service fees.

H. R. 2617—1606

(5) Amendment applications to add the new use(s) to registered product labels are covered by the base fee for the new use(s). All items in the covered application must be submitted together in one package. Each application for an additional new product registration and new inert approval(s) that is submitted in the new use application package is subject to the registration service fee for a new product or a new inert approval. However, if a new use application only proposes to register the new use for a new product and there are no amendments in the application, then review of one new product application is covered by the new use fee. All such associated applications that are submitted together will be subject to the new use decision review time. Any application for a new product or an amendment to the proposed labeling (a) submitted subsequent to submission of the new use application and (b) prior to conclusion of its decision review time and (c) containing the same new uses, will be deemed a separate new-use application, subject to a separate registration service fee and new decision review time for a new use. If the new-use application includes non-food (indoor and/or outdoor), and food (outdoor and/or indoor) uses, the appropriate fee is due for each type of new use and the longest decision review time applies to all of the new uses requested in the application. Any information that (a) was neither requested nor required by the Agency, and (b) is submitted by the applicant at the applicant's initiative to support the application after completion of the preliminary technical screening, and (c) is not itself a covered registration application, must be assessed 25% of the full registration service fee for the new use application.

(6) Where the action involves approval of a new or amended label, on or before the end date of the decision review time, the Agency shall provide to the applicant a draft accepted label, including any changes made by the Agency that differ from the applicant-submitted label and relevant supporting data reviewed by the Agency. The applicant will notify the Agency that the applicant either (a) agrees to all of the terms associated with the draft accepted label as amended by the Agency and requests that it be issued as the accepted final Agency-stamped label; or (b) does not agree to one or more of the terms of the draft accepted label as amended by the Agency and requests additional time to resolve the difference(s); or (c) withdraws the application without prejudice for subsequent resubmission, but forfeits the associated registration service fee. For cases described in (b), the applicant shall have up to 30 calendar days to reach agreement with the Agency on the final terms of the Agency-accepted label. If the applicant agrees to all of the terms of the accepted label as in (a), including upon resolution of differences in (b), the Agency shall provide an accepted final Agency-stamped label to the registrant within 2 business days following the registrant's written or electronic confirmation of agreement to the Agency.

(7) If the Administrator determines that endangered species analysis is required for this action, using guidance finalized according to section 33(c)(3)(B) for this specific type of action, the decision review time can be extended for endangered species assessment one time only for up to 50%, upon written notification to the applicant, prior to completion of the technical screening. To the extent practicable, any reason for renegotiation should be resolved during the same extension.

(1) A decision review time that would otherwise end on a Saturday, Sunday, or Federal holiday, will be extended to end on the next business day.

(2) ‘New PIP’ means a PIP with an active ingredient that has not been registered.

(3) ‘Registered PIP’ means a PIP with an active ingredient that is currently registered.

(4) Transfer registered PIP through conventional breeding for new food/feed use, such as from field corn to sweet corn.

(5) If, during review of the application, it is determined that review by the FIFRA Scientific Advisory Panel (SAP) is needed, the applicant will submit an application for category B905, which will be processed concurrently, and the decision review time for both applications will be the longer of the two associated applications. The scientific data involved in this category are complex. EPA often seeks technical advice from the SAP on risks that pesticides pose to wildlife, farm workers, pesticide applicators, non-target species, insect resistance, and novel scientific issues surrounding new technologies. The scientists of the SAP neither make nor recommend policy decisions. They provide advice on the science used to make these decisions. Their advice is invaluable to the EPA as it strives to protect humans and the environment from risks posed by pesticides. Due to the time it takes to schedule and prepare for meetings with the SAP, additional time and costs are needed.

(6) Registered PIPs stacked through conventional breeding.

(7) Deployment of a registered PIP with a different Insecticide Resistance Management (IRM) plan (e.g., seed blend).

H. R. 2617—1618

(8) The negotiated acreage cap will depend upon EPA's determination of the potential environmental exposure, risk(s) to non-target organisms, and the risk of targeted pest developing resistance to the pesticidal substance. The uncertainty of these risks may reduce the allowable acreage, based upon the quantity and type of non-target organism data submitted and the lack of insect resistance management data, which is usually not required for seed-increase registrations. Registrants are encouraged to consult with EPA prior to submission of a registration application in this category.

(9) Application can be submitted prior to or concurrently with an application for commercial registration.

(10) For example, IRM plan modifications that are applicant-initiated.

(11) (a) EPA-initiated amendments shall not be charged registration service fees. (b) Registrant-initiated fast-track amendments are to be completed within the timelines specified in section 3(c)(3)(B) and are not subject to registration service fees. (c) Registrant-initiated fast-track amendments handled by the Antimicrobials Division are to be completed within the timelines specified in section 3(h) and are not subject to registration service fees. (d) Registrant initiated amendments submitted by notification under Pesticide Registration (PR) Notices, such as PR Notice 98-10, continue under PR Notice timelines and are not subject to registration service fees. (e) Submissions with data and requiring data review are subject to registration service fees.

(12) Where the action involves approval of a new or amended label, on or before the end date of the decision review time, the Agency shall provide to the applicant a draft accepted label, including any changes made by the Agency that differ from the applicant-submitted label and relevant supporting data reviewed by the Agency. The applicant will notify the Agency that the applicant either (a) agrees to all of the terms associated with the draft accepted label as amended by the Agency and requests that it be issued as the accepted final Agency-stamped label; or (b) does not agree to one or more of the terms of the draft accepted label as amended by the Agency and requests additional time to resolve the difference(s); or (c) withdraws the application without prejudice for subsequent resubmission, but forfeits the associated registration service fee. For cases described in (b), the applicant shall have up to 30 calendar days to reach agreement with the Agency on the final terms of the Agency-accepted label. If the applicant agrees to all of the terms of the accepted label as in (a), including upon resolution of differences in (b), the Agency shall provide an accepted final Agency-stamped label to the registrant within 2 business days following the registrant's written or electronic confirmation of agreement to the Agency.

(13) This category does not include genetic modifications in animals not intended for use as a pesticide, e.g., genetic modifications in animals intended for food use or animals intended for use as companion animals.

(14) If the Administrator determines that endangered species analysis is required for this action, using guidance finalized according to section 33(c)(3)(B) for this specific type of action, the decision review time can be extended for endangered species assessment one time only for up to 50%, upon written notification to the applicant, prior to completion of the technical screening. To the extent practicable, any reason for renegotiation should be resolved during the same extension.

The decision review time for both submissions will be the longest of the associated applications. If the application covers multiple ingredients grouped by EPA into one chemical class, a single registration service fee will be assessed for approval of those ingredients.

(3) If EPA data rules are amended to newly require clearance under section 408 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a) for an ingredient of an antimicrobial product where such ingredient was not previously subject to such a clearance, then review of the data for such clearance of such product is not subject to a registration service fee for the tolerance action for two years from the effective date of the rule.

(1) A decision review time that would otherwise end on a Saturday, Sunday, or Federal holiday, will be extended to end on the next business day.

(2) Any other covered application that is associated with and dependent on the review by the Human Studies Review Board will be subject to its separate registration service fee. The decision review times for the associated actions run concurrently, but will end at the date of the latest review time.

H. R. 2617—1624

(3) Any other covered application that is associated with and dependent on the FIFRA Scientific Advisory Panel review will be subject to its separate registration service fee. The decision review time for the associated action will be extended by the decision review time for the SAP review.

(4) If another covered application is submitted that depends upon an application to approve an inert ingredient, each application will be subject to its respective registration service fee. The decision review time for both submissions will be the longest of the associated applications. If the application covers multiple ingredients grouped by EPA into one chemical class, a single registration service fee will be assessed for approval of those ingredients.

(5) An application for a new end-use product using a source of active ingredient that (a) is not yet registered but (b) has an application pending with the Agency for review, will be considered an application for a new product with an unregistered source of active ingredient.

(6) Where the action involves approval of a new or amended label, on or before the end date of the decision review time, the Agency shall provide to the applicant a draft accepted label, including any changes made by the Agency that differ from the applicant-submitted label and relevant supporting data reviewed by the Agency. The applicant will notify the Agency that the applicant either (a) agrees to all of the terms associated with the draft accepted label as amended by the Agency and requests that it be issued as the accepted final Agency-stamped label; or (b) does not agree to one or more of the terms of the draft accepted label as amended by the Agency and requests additional time to resolve the difference(s); or (c) withdraws the application without prejudice for subsequent resubmission, but forfeits the associated registration service fee. For cases described in (b), the applicant shall have up to 30 calendar days to reach agreement with the Agency on the final terms of the Agency-accepted label. If the applicant agrees to all of the terms of the accepted label as in (a), including upon resolution of differences in (b), the Agency shall provide an accepted final Agency-stamped label to the registrant within 2 business days following the registrant's written or electronic confirmation of agreement to the Agency.

(7) Due to low fee and short time frame this category is not eligible for small business waivers.

(8) This category includes amendments the sole purpose of which is to add 'Design for the Environment' (DFE) (or equivalent terms that do not use 'safe' or derivatives of 'safe') logos to a label. DFE is a voluntary program. A label bearing a DFE logo is not considered an Agency endorsement because the ingredients in the qualifying product must meet objective, scientific criteria established and widely publicized by EPA."
